From August to May, the students and teachers at HHS worked toward making the 1982-83 school year one of the best possible. Even though there were disappointments to deal with, the successes were far greater and the rewards were much sweeter.

This really was the best of times.

The best of times this year included many things. Evenings were filled with sports events and dances. School days were occupied by assemblies and pep rallies, and classes. The Student Council promoted the Christmas spirit by initiating a Secret Santa. Of course, there were always the good times spent with friends!

This year's queen, Kim Schmidt, was crowned by last year's king, Greg Weidner. Last year's queen Carolyn Zavall, was unable to attend. We regret not having a picture of last year's royalty.

The Bulldogs again proved that they were a powerhouse in football in '82. Humphrey finished its regular season undefeated, and by doing this, the team captured the conference crown for the 4th straight year. The Bulldogs also won the District title and qualified for the State Playoffs. However, the Bulldogs were knocked off by Lawrence in the semi-finals at state. The senior gridgers were a part of four conference championship teams, one state championship team, and the only two losses of their 4-year tenure came to the eventual state champions. One memorable moment for the whole team was being able to be a part of Mr. Ditter's 100th win. Humphrey outdistanced its opponents 47 to 12 as they scrambled to a 9-1 season.

Thanks From Your Editor

The Best of Times, Four simple words, a collection of memories. Memories which have been worn with time, but never will exist for our dreams of tomorrow. The precious memories from the 82-83 school days - the activities, the organizations, time spent with friends, classmates, and teachers - are now stored in our minds, and in this annual. This is your annual - a collection of special events you created for yourselves, by being yourselves. To put these memories together for you, it took a lot of hard work, effort, and cooperation; therefore, the following people should be thanked for making this annual a success:

1. Thanks to Mrs. Dumas, who encouraged us and helped in so many ways to put together this annual, and for all the problems she had to put up with.
2. Thanks to Mr. Bill Jencks, our adviser from American Yearbook Company, for all his help and advice.
3. Thanks to all the patrons who helped finance this annual.
4. Thanks to the faculty and administration for their cooperation and time.
5. Thanks to the School Board for the finance of our new classroom.
6. Thanks to the annual staff for producing a fine book and for being so willing to learn about all the procedures involved in producing an annual.
7. But most of all, a special thank you to the Student Body of Humphrey High School, for all the memories that you have created for us to capture in this book.
