# Lazy and Crazy

▼ Matt Conlan gives an innocent look after being caught sleeping in class.

This year's theme for the Humphrey High School's 1990-91 yearbook is "Lazy Days Crazy Nites." It was chosen from the song "Lazy Days Crazy Nites" by Tesla. If you look up the words "lazy" and "crazy" in Webster's dictionary you will find the following definitions. Lazy — a love of ease, not vigorous; crazy — being out of the ordinary; hence the theme "Lazy Days Crazy Nites."

Here at HHS we do not recognize lazy days as sleeping in class, but being basically pretty mellow. To have a crazy night doesn't only mean to go to a wild party, but it also means to take part in the many extra-curricular activities or sports that HHS has to offer. Flip through these pages and you'll get a taste of our "Lazy Days and Crazy Nites."

# Seniors Ski

"It doesn't matter who has gone or who will be after. It is knowing that you have been there and that is worthwhile," is the Senior Class motto for 1991. The class, as unique as it is, decided that the class colors would be royal blue, black and silver, and that the class flower would be a black rose. This year's seniors were the very first class at HHS to have a black rose tipped in silver.

The Seniors first day consisted of electing class officers who are as follows: President, Jeff Schmidt; Vice-

president, Paul Schemek; and Secretary-Treasurer, Sandy Gronenthal.

The main concern of the seniors was graduation, senior sneak and pizza sales. Because of the money the seniors achieved from the pizza sales, they chose to go skiing in Iowa at Mt. Crescent and to go shopping in Omaha.

Paula Greisen commented on the year by saying, "The pizza money did not make up for the amount of money it took to get a new car after rolling the previous one selling pizzas."

# One Step Closer

The junior class had many duties this year, one of which was magazine sales for their big money making project. The juniors started the year voting for their new class officers which were as follows: president, Angie Zavadil; vice-president, Jacky Sander; secretary, Michelle Gronenthal; and treasurer, Shawna Paprocki. The class sponsors were Miss Herink and Mr. Rumsey.

The juniors spent their free time raising money selling magazines from August 28 through September 17, the money to go for prom. The sales didn't go as well as planned. The money they did make covered some of the prom expenses.

Brenda Foltz said the best thing about her junior year was that it was one step closer to being a senior.

## Beware of the Sophomores

The 1993 Sophomores began the year by electing their new class officers. Gina Greisen was elected as the new class president; Becky Brandl, vice president; Jason Veik, treasurer; and Jamie Hellbusch was elected as the new 90-91 secretary. Becky Brandl and Gina Greisen were elected the new Student Council representatives for the Sophomore class. Mrs. Sitzman was the class sponsor.

This year the Sophomores decided to break tradition and not sell Watkins, but instead sell sun glasses, T-shirts and flower bulbs from "Great American Opportunities." The Sophomores also ran the concession stands

for the Conference Volleyball tournament.

Among this year's exciting events was the ordering of class rings. After waiting several long weeks, the class rings were finally delivered on October 30. Also, most sophomores received their driver's license after several tries at passing their driver's tests. Although they have been driving awhile, the streets are still not safe from their bad habits and wreckless driving. Kelli Gronenthal commented, "It's been an extremely crazy year and it's been fun!! I am still looking forward to becoming a Junior though."

As always, all freshmen come into the year feeling a little bit optimistic, knowing they have just begun their final years of high school. They also had their share of hardships feeling what it is like to be at the bottom of the totem pole.

The following were elected officers for the 1991-1991 school year for the freshman class: President, Jeff Bell; Vice President, Anita Hastreiter; and Secretary/Treasurer, Gail Greisen. The student council representatives

were Luke Buggi and and Jason Chaulk. The class sold Gourmet Foods and Kitchen Collection Cookbooks though Great American Opportunities Inc. for a class fundraiser. As a total they raised \$460. The best selling team of freshmen got to have a pizza party. Also to make money, they ran two concession stands.

Mrs. Brunswick, class sponsor, said, "this class has been very ambitious. They raised three times as much as last year's freshmen."

# 8th Keep Busy

The eighth graders returned to school this fall ready to teach the seventh graders the ropes.

The eighth grade class started the year by electing officers. The following were their choices: President, Krissy Stock; Vice-President, Jedd Fischer; Secretary, Greg Gourka; and Treasurer, Joey Hornung. Mr. Ortmeier served as class sponsor.

The eighth participated in many sports such as volleyball, football, basketball and track. In volleyball the team placed second in their tournament. Some teams they competed against in basketball were Clarkson, District 9, Madison and Lindsay.

The class also participated in a choral clinic at Tilden and had a successful junior high dance in January.

The official seventh grade class meeting was held on the first day of school to choose officers. These officers include the following: Mitch Robb, President; Cody Ungles, Vice-President; Chris Greisen, Treasurer; and Angie Mausbach, Secretary. The class sponsor was Elaine Bruening.

The seventh graders participated in

basketball, volleyball, and track.

This year they joined the 8th graders and had a junior high dance with St. Francis students on January 10.

# New Tradition Begun

This was the first year a psychology class was ever taught at HHS. Mrs. Deb Brunswick had the privilege of starting a new tradition. Previously, any HHS student who wanted to take a psychology class had to go over to St. Francis. Even though this change is in effect, students still must go to St. Francis for an anatomy class taught by Mrs. Harms. This year only two students go to St. Francis, Paula Greisen and Wendy Hoefler.

The psychology class is made up of notes, surveys, and experiments with theories, personalities, and traits.

Mrs. Brunswick's favorite part of the class was the discussions and activities. She also had an ideal group of students whom she described as bright, open, and full of interesting ideas. Mrs. Brunswick hoped to include a trip to the Norfolk Regional Center in this year's curriculum.

Mrs. Harms says that something new for her is an all female class. Her favorite activities this year were the field trips and the class discussions. Her most embarrassing moment, if you hadn't already heard, was when she dropped the model ear.

# STDP

This year only four students from Humphrey High make the long, hard trek over to St. Francis for the privilege of taking an art class. Stephany McDonald, Kelli Gronenthal, Mandy Hamilton, and Wendy Hoefler, under the direction of Mr. Korus, express themselves in the creative arts.

Mr. Korus states that his favorite part of his classes are the ends, except when it involves cleaning up. He also says that he doesn't have an embar-

assing moment; it is just the way he normally is.

This year Mr. Korus has done the STDP (Same Things with Different People). He said that he was thankful for the end of the Mid-East Crisis, and he claimed to like some of the new songs, but definitely no rap!

His advice is a quote from Yogi Berra, "It's not over, 'til it's over!" That quote can be attributed to anything that he doesn't have an embar-

# Student Takes First

▼ Wendy Hoefler is laughing at Miss Herink while she's checking her paper.

"Eyes on copy, ready, begin." This is one of the most famous sentences that Miss Julie Herink relays to her typing I class. Typing I is a class, mostly for sophomores, which teaches them the basic keyboarding of the typewriter.

Along with Typing I Miss Herink teaches six other classes. One of these is office practice which teaches secretarial skills. Computer applications teaches the basic performances of the computer. In recordkeeping students

learn how to keep a budget and balance a checking account. In her accounting classes, Miss Herink instructs the students on how to keep records for large businesses. Economics and business law is a two semester class that first teaches about stock markets and second teaches about government and law.

Out of eight students that participated in the Conference Academic contest in the area of typing, Jamie Hellbusch placed first.

# Making Changes

This year at HHS, the history department is covered by the counselor, Barb Kelly, the principal, Steve Robb, and Leroy Ditter, the physical education teacher.

Barb Kelly teaches American Government to the seniors, independent Spanish, and Man and Geography to the freshmen. Government classes focus on U.S. and State governments while the class consists of discussions, lectures, and current events. The Man and Geography class studies various countries' geography and social and political systems. Their class consists of map activities, lectures, current events, and discussions.

On being back in the classroom in the roll of teacher again, Miss Kelly said, "I've really enjoyed getting back

into the classroom, but maybe my experience has been good simply because my groups are such super ones."

Mr. Robb teaches American History. In his classroom the juniors work on magazine reports, biographies, and take tests. They also work with people, ideas and events related to American History. Mr. Robb commented, "I mostly talk and they listen. I ask questions and they answer them sometimes." Mr. Robb believes that "a love for learning must come from within."

Mr. Ditter teaches World History to the many different students. He focuses on the early history of Europe, Asia and other countries.

# One Crazy Class

English is one of those crazy classes a student is required to take. English has been taught in the past by Mr. Ortmeier and Mrs. Brunswick, but this year HHS has two new additions to the department Mr. Heckathorn and Mrs. Rhonda Rother.

Mrs. Deb Brunswick has taught books from The Great Gatsby to Romeo and Juliet. The classes she teaches are English 9-12 and Advanced Speech. She also directed a one act play this year, "Deadly Ernest." by Donald Payton.

Mr. Mark Ortmeier teaches 7th and

8th grade English. He has taught books ranging from Animal Farm to One Fat Summer.

Mrs. Rhonda Rother is a student teacher from Wayne State College. She has taught Death of a Salesman to the juniors and Lord of the Flies to the sophomores.

Mr. Bob Heckathorn is teaching Senior Composition for his first year at HHS. Mr. Heckathorn says it's really not his first year at teaching English; he taught it before. He loves teaching it, and "the students are terrific."

# One Superior Team

This year the speech class had a total of seven students, and outside of the class there were six involved to make up this year's speech and one-act team.

The one-act competed at Conference and District competitions. The play enacted was written by Donald Rayton and called Deadly Ernest. It was about a man, Henry, who wanted to do away with himself since his life was a complete shambles. The person who Henry hired to kill him is called Ernest, so as you guessed, he meets many Ernests in the play, but in the end it all works out. Henry's life is back together and he is alive to enjoy

At Conference at Platte College Dawn Brock received honorable mention for best actress and Tricia Jarecki received the best actress award out of students from five schools. The one-

act also competed at Districts in Genoa.

In speech, members of the team competed at the annual Newman Grove Invitational. The O.I.D. received its first superior medals at this competition. During Conference speech, also at Newman Grove, the O.I.D. received superior medals. Wendy Hoefler, Paul Schemek, Vicky Hoefler, and Sandy Gronenthal all received excellents for their individual events. The team did not do as well at the District meet. Although no superiors were received, all events, group and individual, received excellents.

Mrs. Brunswick, speech sponsor, commented, "I was impressed with those who competed this year. They competed with a winning attitude, at least until the O.I.D. didn't make it to State during Districts. That was a big disappointment to the senior girls."

# New Ideas Attempted

▼ Mr. Ortmeier seems more interested in the floor than his student.

This year in the physical education department, Mark Ortmeier, in his third year at HHS, decided to try a new activity for the P.E. class — sand volleyball! Mr. Ortmeier helps with the junior high students as well as instructing the advanced P.E. class. In his advanced P.E. class, the students continue in activities such as bowling, lifting weights, badmitton, tennis, golf, and other sports relating to high school activities.

Leroy Ditter joined Mr. Ortmeier this year in teaching the junior high P.E. Mr. Ditter also teaches freshmen and elementary P.E. The freshmen do activities related to stamina such as flag football, kickball and volleyball. Mr. Ditter also keeps himself busy by teaching world history and coaching the football team.

Mr. Ditter quoted, "Right now we are working and concentrating on the conference trackmeet April 25th."

# Chemistry + Bio = ?

▼ Chris Rollman carefully drips the liquid into the tube and hopes that it won't explode!

What do you get when you take a man, a woman, a little bit of biology, and a lot of chemistry? If you don't want any obscene answers, you get the HHS science department. Mr. Irwin and Mrs. Sitzmann are the teachers in this department. Mr. Irwin teaches seventh grade life science, eighth grade earth science, two classes of biology, and advanced biology. Mrs. Sitzmann teaches chemistry, physics, and physical science.

This year one of the exciting events was the donation of a Siamese twin girl, who were born dead, by a Humphrey resident. They were joined from the chest to the stomach and shared some organs. One of this year's changes was the integration of a

more informal lecture method including more discussion instead of notes and lectures.

Mr. Irwin says his favorite part of the year was teasing his fourth period teacher's aid, Shawna Paprocki. When asked to reply, she said that she returned the favor.

Mrs. Sitzmann's favorite thing to do in class was to help students with homework and to give hard tests (just kidding)! One of the things she likes is the small class sizes at the school. Her most embarrassing moment during her first year at HHS was when she wore two different colored shoes to school. Mrs. Sitzmann advises her students to appreciate their school because it isn't as bad as they think.

# It All Adds Up

▼ Paul Schemek looks up from his test and eyes the camera.

If you were given a math question who would you go to for the answer? Why of course you'd go to HHS's finest math teachers, Miss Kelly Zierke, Mr. Dave Irwin, and the new addition this year, Mrs. Andrea Sitzmann.

Miss Zierke enlightens students in the classes of Algebra I and II, geometry, advanced math, and computer literacy. Her favorite part of teaching is knowing that even though students are saying "it's hard" and "I'll never get this" that the next year they'll be wanting to go back to the year before because "last year was easy." It's a great feeling to know that the students can admit that they learned

something from the year before.

Mr. Irwin was brave enough this year to battle with seventh and eighth grade math. Teaching these young impressionable students was a fun and exciting experience for him.

Mrs. Sitzmann is in her first year at HHS. Among her classes were consumers math, pre-algebra, and elementary computers. Her favorite class to teach is pre-algebra. When asked how she's enjoyed her first year at HHS, she replied, "I've enjoyed teaching at HHS because of the small class sizes and the variety of class subjects."

Eating, childcare, clothing, housing, money management, decision making, and personal relations are the topics the Home Economics teacher, Elaine Bruening, stresses in five of the seven classes she teaches, Clothing and Child Development, Adult Living, Foods and Housing, Teen Living, and Basic Life Skills. Mrs. Bruening commented on the year, "No one has

sewn their fingers to their material yet!"

Mrs. Bruening also teaches German I and II. In those classes students learn about the German language, music, land, and food. The one thing she recalls from the German I class is the Eisenkuchen, a flat pancake filled with creme, going up in flames.

# Library on Computer

▼ As the camera approaches, Mrs. Totten turns away.

As a librarian, Mrs. Totten's most important part of her job is to assist students with research and to assist teachers with resources to use with their units of study. She also spends time purchasing and processing books, teaching library skills and maintaining our library collection.

Beginning this year Mrs. Totten's goal is to begin computerizing the library. This is a process which will take several years, but she says she has made a pretty good start.

Mrs. Totten has been involved in Jog America with the elementary stu-

dents which was new to HHS this year, the STAT team, the Campbell soup label collection, and the Book Fair. She also promoted the library during Library Week and Book Week. This promotion, included having a story teller visit and taking a field trip with the kindergarten to our public library downtown and maintaining bulletin boards.

Mrs. Totten stated, "the purpose of the library is to be a resource center for research and reading, and I also appreciate the maturity of students who treat it as such."

# One Jammin' Band

What do you call a group of 8 junior high and 12 senior high students with director who is obsessed with Mister Rogers? One jammin' band!

This year's band took part in many grades including Harvest of Harmony, Kearney State College Band Day and the Annual Humphrey Halloween Parade.

On February 4th of this year, Humphrey High hosted a Cornhusker Conference Band Clinic. Those who participated in the honor band year were Shayla Baumgart, Danielle

Buggi, Jason Chaulk, Brian Classen, Mark Fittje, Brenda Foltz, Michelle Gronenthal, Sandy Gronenthal, and Dan Weidner.

This year Dan Weidner was selected to play in the All-State Honor Band at the Lied Center in Lincoln. He was the first Humphrey High band member to receive this honor.

Ms. Bair's thoughts about the year were, "This year has gone extremely well. Overall, we have improved and we were able to participate in some new things."

In the area of industrial technology, Humphrey High rates fairly high. Mr. Brandl is the instructor for basic woods, woods, advanced woods, drafting, and building construction.

The students in his classes made rolltop desks, curio cabinets, waterbeds, nightstands, and lights. This year's projects were unique by includ-

ing electronics, sheetmetal, and small engines.

The building construction class this year built a patio deck and spray painted a tractor. There were no major accidents this year, but there were the common slivers. Mr. Brandl said, "The kids were hardworking this year and has some really good projects."

# Students Get Help

The special education department is headed by Mrs. Leann Widhalm, full time; Mrs. Doris Wilson, Tuesdays and Thursdays; Mrs. Ditter, Chapter 1 and Lin Reding, Speech. Each one plays a big role trying to help each individual with learning difficulties in any area.

Mrs. Widhalm's job is to work with students with learning disabilities in the areas in which they have difficulties. She would like to take each student individually and work to strengthen their weak areas. Mrs. Widhalm teaches students everyday, some one, two, or three periods a day. She serves 21 students, second through twelfth grade.

Mrs. Dorothy Ditter's job in chapter 1 is to help students work at their grade level in math, reading, and high order thinking skills. Mrs. Ditter's goal is to continue using the HOTS (Higher Order Thinking Skills) program which is now in its second year.

Mrs. Doris Wilson teaches the

kids study skills, sentence structure, decision making skills, and vocabulary. Her goals for the students are to have them organize their time, be responsible for completing their assignments on time, and to experience success so they will increase their self-esteem. These goals are in addition to the goals on the IEP for each student.

Mrs. Lin Reding's job is to teach the students Speech/Language Therapy which includes a lot of paperwork and many meetings. She works on diagnosis and remediation of speech and language problems: Articulation, voice stuttering and receptive and expressive language disorders. On Mondays, Wednesdays, and Thursdays, she teaches at Humphrey and on Tuesday's and Friday's she teaches at Platte Center, District 84 and ESU 7. Her goal is to help the students understand what they hear, read, and to help them express themselves effectively.

# Sing With Glee

▼ Jeannie McDonald sings her heart out when she thinks no one is watching.

Humphrey High's vocal music saw a new teacher this year, Mrs. Pam Goering. Mrs. Goering not only teaches high school students, but she also teaches younger children. The seventh and eighth grade have music class three days a week. They learn a variety of musical skills and notes. Much of Mrs. Goering's time is also spent with the elementary.

High school students are active in choir, swing choir, and music contests. This year's choir members were Tricia Jarecki, Mary Rollman, Leslie Cattau, Stephany McDonald, Jeannie McDonald and Kelli Gronenthal. Swing choir members were Tricia Jar-

ecki, Mary Rollman, Leslie Cattau, Danielle Buggi, Shayla Baumgart, Dawn Brock, Angie Zavadil, Sandy Gronenthal, and Michelle Gronenthal. Mary Rollman and Tricia Jarecki also participated in Honor Swing Choir.

Some of the choral clinics and contests the vocal music students participated in were Conference Choral Clinic held at St. Francis, Albion Choral Clinic, Contest Glee, and District Music Contest.

Even though this is Mrs. Goering's first year, she and her students have accomplished a lot.

# Dedicated to HHS

▼ Barb Kelly always has something to keep her busy during the day.

Humphrey High's staff and administration consists of a group of people who are dedicated to the students and faculty, without which no school could keep going.

The governing body is made up of Robert Heckathorn, superintendent; Steve Robb, principal; and the school board members. Mr. Heckathorn's job consists of such duties as supervision of the school's finances and public relations.

Mr. Robb's job as principal isn't an easy one. He not only has to supervise students' conduct, but he must also take time out to help individual stu-

dents. The school board keeps the school going by devising rules and regulations. They each take time out of their busy schedules to look out for the well-being of Humphrey High.

Miss Kelly, as counselor, must be there for the students and aid them in their work. Not only does she listen to the student's complaints, but she also helps them with problems.

Although administration is important to a school, the school would not run as smooth as it does without secretaries, custodians, and the cooks who prepare meals for the entire school every day.

# There's More to HHS

There is more to HHS than just homework, studying and classrooms. This year, Spirit Week, sponsored by the Student Council, was a hit for Humphrey High Students.

The days for Spirit Week were as follows: Monday, Nerd Day; Tuesday, Color Day; Wednesday, Punk Rock Day; Thursday, Twin Day; Friday, Go Big Red Day. Each day the Student Council chose three people, two students and one teacher, who dressed up the best. Some of the winners were Mrs. Totten, Gina Greisen, Shane Baumgart, Luke Buggi, Tom Veik, Jeannie McDonald, and Angie Zavadil. The seniors and teachers won col-

or day. Prizes were awarded for the best costume.

It has always been a tradition at HHS for those who never dressed up to be called into Kangaroo Court. Several students shared this experience by being tortured by the Student Council members. The torture required the students to eat a mixture of vanilla pudding, cherries, ketchup and Cheerios. After court, students and teachers who did dress up were given the chance to win prizes through a drawing. To those in the future years, watch out because as the years go by, the mixture gets worse!

▼ Gina Greisen smiles at the camera, knowing she will dress like this again.

# Royalty Named

Dressing up crazy for spirit week, participating in Junior Olympics, putting up decorations, and getting fired up for the game against Clarkson ... this was all part of making Homecoming 1990 an overwhelming success.

The coronation was held on Saturday, October 6, 1990. "More than Words Can Say," was the theme song by Alias. The cafeteria was decorated in hot pink, teal, and black streamers, with a heart shaped poster with a silhouette of a man and a woman.

The Humphrey High royalty were as follows: King, Jeff Schmidt, and Queen, Paula Greisen; Senior attendants, Sandy Gronenthal and Tom Veik; Junior attendants, Michelle Gronenthal and Denny Gilsdorf; Sophomore attendants, Becky Brandl and Rob Brandl and Freshman attendants were Anita Hastreiter and Darin Gourka.

This year's music was provided by Complete Music and the dance lasted until midnight.

# Hearts "91"

On the night of February 16, 1991, the HHS Student Council once again sponsored the annual Hearts Dance. Hearts was once again held in the cafeteria. The theme song for Hearts '91 was "Surrender" by Trixter.

The cafeteria came alive with beautiful red, white, and black decorations. Red and white hearts covered the walls. Red and white balloons clung to the ceiling.

This year's Hearts Royalty were Sandy Gronenthal and Paul Schemek.

The attendants are as follows: Seniors- Kelly Fuxa, Wendy Hoefer, and Chris A Frank, Juniors- Shayla Baumgart and Kevin Dohmen, Sophomores- Jamie Hellbusch and Tom Classen, Freshman- Gail Greisen and Luke Buggi.

Breaking tradition, a DJ was not hired. Instead, we found talent inside our own school. Students supplied their favorite tapes to Miss Bair who spun the tunes for the dance.

# FHA Helps Earth

The 1990-1991 FHA chapter kicked off the year by deciding the year's activities. The good of the environment was a theme for several of their activities. They held the second annual Fun Fair, with admission being 2 empty pop cans. This was a big success. They also placed a garbage can in the cafeteria for disposal of empty pop cans.

The members also gave out trees. For the grade school there was a coloring contest held with students making environment poster.

Another concern was for mental and physical fitness. They held a pizza party with a speaker on depression. Members also went to water aerobics, planned a grade school rollerskating party and listened to a speaker on gang violence and suicide.

Others FHA members visited a nursing home during Christmas season.

Members involved in FHA are Tammy Greisen, Brenda Foltz, Shayla

Baumgart, Tracey Gronenthal, Michelle Gronenthal, Danielle Buggi, Wendy Hoefler, Anita Hastreiter, Jamie Hellbusch, Leslie Cattau, Shannon Irwin, Angie Kucera, Gail Greisen, Stephany McDonald, and sponsor Mrs. Elaine Bruening.

1990-91 officers are: President, Michelle Gronenthal; Vice President, Danielle Buggi; Secretary, Wendy Hoefler; Treasurer, Tammy Greisen and Reporter Brenda Foltz.

Four members qualified for State FHA Search Competition: Wendy Hoefler and Danielle Buggi qualified in clothing and textile category, and Michelle Gronenthal and Shayla Baumgart qualified in peer education. They attended the State FHA Convention that was held in Lincoln.

Danielle Buggi commented by saying, "I feel our FHA Chapter has accomplished a lot this year and I encourage more people to go out. It's a lot of fun!"

# FFA Improves

The FFA started out their year by electing officers. They were as follows: Jeff Schmidt, president; Paul Schemek, vice-president; Mark Fittje, secretary; Dan Weidner, treasurer; Jason Bell, historian; Chris Afrank, parliamentarian; and Eric Sjuts, sentinel. Their sponsor in his fifteenth year at HHS and as the sponsor was Doug Rumsey. The FFA has 44 members consisting of 38 guys and 6 girls.

The FFA hosted the District Tractor Driving Contest and they also held a parent/member barbeque. Members competing in the Tractor Driving Contest put up a safety display downtown on auger and PTO safety. They also sold fruit as their annual fundraiser.

Members participated in a leadership contest that was held at Lakeview and a livestock judging contest held at NTCC in Norfolk. Their public service to the community was delivering

phone books to the town. They also participated in the National FFA convention in Kansas City.

FFA Week was held the week of February 18-22 and was a busy week, especially for Mr. Rumsey. The week consisted of setting up a display in the downtown window by the Jr. Chapter. They held an ice cream social for the staff, all FFA members and the officers of FHA.

The rest of the week consisted of a guessing contest using corn and a FFA chapter picture in the Humphrey Democrat. They also got to choose what meal would be cooked for the student body and got the chance to actually serve it. Their choice was pizza.

Mr. Rumsey commented on the year, "The FFA has taken a total change in attitudes, for the better. We have also made great strides in other areas."

# NHS Keeps Tradition

▼ Dawn Brock and Wendy Hoefler take time out from their "juice pouring fun" to pose.

"I pledge myself to uphold the high purpose of the National Honor Society to which I have been elected. I will continually demonstrate my ability as a leader while striving to maintain an untarnished character. I will give myself freely in service to others and always see the light of truth."

On April 22, 1991, the new J.J. Malone Chapter of National Honor Society members: Tricia Jarecki, Michelle Gronenthal, Shayla Baumgrat, Shawna Paprocki, Dan Weidner, and Justin Fisher took the pledge of the National Honor Society. Qualifications of this society are scholarship, service, character, and leadership. The

NHS members are required also to meet strict standards and continue to display these characteristics throughout high school.

They were inducted by the returning members of the chapter officers. This year's president was Paula Greisen; vice-president, Jeff Schmidt; and secretary/treasurer, Paul Schmeck. Returning members were Mary Rollman, Dawn Brock, Wendy Hoefler and Mark Fittje.

This year's National Honor Society went to a dinner theatre in Omaha. For their fund raisers they babysat and worked at concession stands.

# HHS Spirit Club

The Spirit Club's main goal this year was, as always, to decorate for Homecoming, there there was also another goal: to keep the spirit of HHS up during the State Playoffs and also at the State Basketball Tournament in Lincoln.

This year Spirit Club was sponsored by Amanda Bair and Brenda Oswald, both sponsoring for their first year. They also sponsored the Drill

Team who sponsored a pep rally during track season.

The president for this year was Kelli Fuxa. Sandy Gronenthal acquired the vice presidency, while Paula Greisen and Mary Rollman were secretary and treasurer, respectively. Miss Bair said, "Spirit Club this year had a well-planned and excellently decorated Homecoming."

# One Crazy Council

The HHS Student Council was very active providing many activities for students. During October, the student council held Spirit Week. Throughout the week the students dressed up for Herd Day, Twin Day, Go Big Red Day, Punk Rock Day, and Class Color Day. They also held Junior Olympics in which the students and teachers participated in games.

Student Council also sponsored Secret Santa this year which began five days before Christmas vacation. On the last day, the senior and junior girls signed up for movies. This year the students watched Christmas Vaca-

tion, Look Who's Talking, and Field of Dreams.

In preparation for Valentine's Day, the Council sold red, pink, white, and peppermint carnations. They were \$1.00 a flower. The Council also sponsored Hearts. The cafeteria was decorated in red, white, and black streamers. The theme was "Surrender" by Trixter.

The officers for the 1990-91 year were as follows: Paula Greisen, president; Jeff Schmidt, vice president; Sandy Gronenthal, secretary; Paul Schemek, treasurer, and Danielle Buggi, DAC representative.

# Paradise At Prom

A Night in Paradise was the theme for the HHS 1991 prom, given by the juniors. The juniors spent long hours transforming the hallway into paradise lane with palm trees and a large waterfall. The cafeteria was turned into a Hawaiian paradise with palm tree silhouettes, tinfoil, and purple and black streamers.

The meal began at 6:30 p.m. and was prepared by junior mothers. It consisted of glazed ham, potatoes and gravy, corn, and ice cream cake donated by the Columbus Dairy Queen.

After dinner the senior wills were read. This was followed by the sophomore skit. This year's skit was a simulated Johnny Carson show with Jason Veik as Johnny. He brought out each senior as they would be in ten years. An interesting example was seeing Jeff Schmidt and Mary Rollman married and living near Monroe.

The dance was again held at the Humphrey Ballroom with St. Francis. It lasted from 9:00 p.m. to 12:00 p.m. The music was provided by Ultrasound.

# Seniors Leave

There comes a time when everyone must turn away from their achievements at HHS and go their separate ways towards new achievements. The '91 senior class did just that on May 12.

"It doesn't matter who has gone before or who will be after, it's knowing you have been there that is worthwhile" was the class motto. The class flower was a black rose tipped with silver and their class colors were black, silver, and royal blue.

The welcome and introduction was by Robert Heckathorn, the school's superintendent. The salutorian was Mark Fittje, who talked about changing from when you are younger to when you are older.

The senior girls sang "We Leave You with a Smile". This was followed by valedictorian, Paula Greisen. Paula talked to her class about not seeing yourself as not doing good enough when you do accomplish your goal.

Like every year the student council presented the slide show of the seniors growing up or a picture bringing back memories they'll never forget here at HHS. Barb Kelly presented the scholarships. The commencement speaker was Richard Lemmerman, former principle here at HHS.

Mr. Heckathorn introduced the '91 senior class. Ron Ternus, school board president, presented the senior class with their diplomas.

▼ Valedictorian Mark Fittje speaks on the memories of growing up.

▲ Paul Schemek receives his scholarship from Lincoln Southeast Community College.

▲ Salutorian Paula Greisen gives her speech to her fellow classmates.

▼ Kelli Fuxa receives her flower from Michelle Gronenthal and Justin Fischer.

▼ The 1991 seniors turn their tassels for the first time, but for many it won't be the last time in their lives.

▲ Jeff Schmidt, the proud graduate, presents his mom with a flower.

▲ All the senior girls join together to sing one last song to their teachers, parents, and friends, "We Leave You With a Smile."

Middle right: Mr. Lemmerman pays attention to the speaker, while Mr. Heckathorn looks out at the audience and Father Hunke yawns.

Here at the illustrious Humphrey High School, there are many contrasts. The wild, younger student body is a foil to the staid, older generation of teachers. The personalities of some students contrast with others. Some of these personality contrasts are the outgoing to the reserved, the studious to the relaxed, and the radicals to the conservatives. Many of the students' personalities contrast with the supposedly "wiser" staff's personalities.

If HHS didn't have any contrasts then it wouldn't be the school we know today. This year the five return-

ing members and Mrs. Brunswick, along with the seven new members, hope that you can see the point about contrasts we've tried to make with our yearbook theme, Lazee Daze, Crazee Nights, and as a result, have a better understanding of our school.

This year's yearbook was put together with dedication by the staff and published by Jostens for your enjoyment. headlines are printed in 36 point and in Times Roman type. Body copy is printed in 10 point size in Palatino type, and captions are 8 point Palatino type. This book is printed on ven gloss paper.

The year's editors Brenda Foltz (newspaper) and Danielle Buggi (yearbook) say hasta la vista.
