HHS works together to be one.

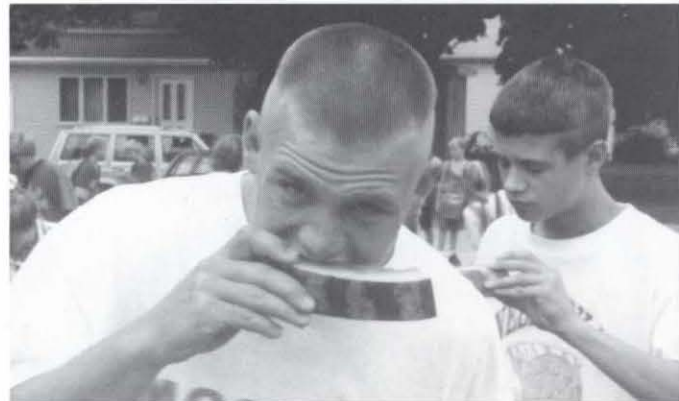

Our Way

Many factors were taken into consideration for picking the 1995-1996 Humphrey High School yearbook theme, "Our Way". HHS has different factors that set this school out from all other schools over the world. Some of these factors include the different individual people, classes, the school year, sports, and the different events that took place. The students aren't afraid to be different in sports; for example, this year's volleyball and basketball teams wore their socks up and not down like other teams.

Our in "Our Way" is showing how everybody works together to get things done in everyday life, like chores at home, school projects, competitions, and different events throughout the school year. The teams, individuals, and clubs use teamwork to win, to practice, to conquer, to desire, and to prevail.

I see that we as a group work together to become best of friends in Our Own Way.
-Emily Gronenthal

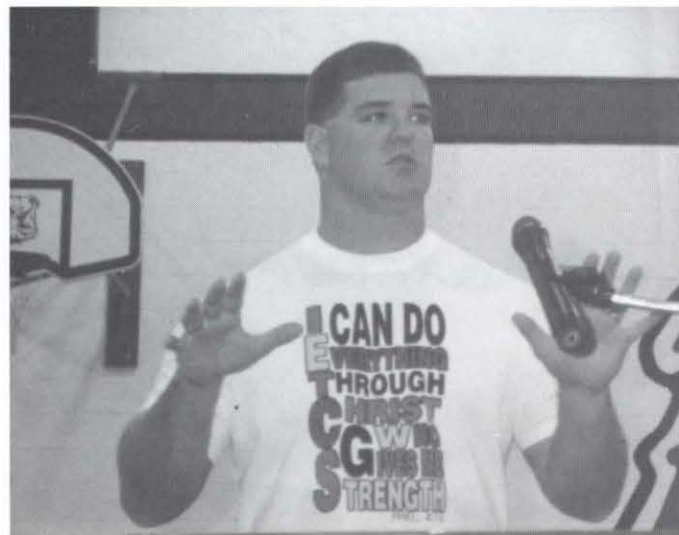

Everyday I come out of school with a smile on my face because of my friends.
-Tasha Gronenthal

For the homecoming game against Clarkson, three seniors, Angela Long, Maria Brandl, and Carolyn Brandl, became volunteer cheerleaders.

Top: Josh Gronenthal takes part in the yearbook-student council ice cream social, and gives a smile to say, "It's great to be back at school."

Middle: This is how Jeff Huettner eats watermelon as it was a treat for going to school in the heat.

Curtis Wilson, who played for the New England Patriots and Detroit Lions, gave advice on how he changed his life.

Seniors treasure memories.

Seniors Get Overnight Sneak Trip

The 17 young adults ranging from 17 to 19 years old, from blond to red hair, from blue to green eyes, from wild to unexplainable personalities, walked into HHS to begin the 1995 school year being the senior class of 1996. They joked, laughed, and remembered the past, the childhood they grew out of. Their memories are unique, but they always seemed to be united while in school. After high school they will go their own ways, and look towards the class reunions to reunite again and again.

Most of the funny, sad, weird, or stupid moments that are remembered by seniors usually happened when they were together. Throughout the school years and school days the girls broke up into fights and got back together shortly after, while the guys played sports. By the time these seniors were freshmen, they made new friends and were small fish in a large pond. As they stepped into the sophomore year, they knew what high school was all about. Some excelled in sports, others in academics, and others in friendships. While in the junior year, the class was breaking down the boundaries of their childhood and looking towards the future. They got the opportunity to have a variety of classmates, one who was a champion in horses, one who was on exchange student to New Zealand, and another student who went to Europe to play his trombone for the Nebraska Ambassadors.

The senior class president was Mitch Robb, who enlisted the help of vice president, Chris Greisen, and the secretary/treasurer, Travis Theilen. The senior class worked together to show the school board that they deserved to stay overnight on their senior sneak trip to Terry Peak, South Dakota. The class will show the younger generation how working together builds the best friends and gets the job done.

As we can see, these seniors have made the closest friends ever, their classmates. "You tell me to move my foot, and I don't. If you shoot my foot to move it, I still win. To say that we will get something done is saying we will and we will always win!" -- quote from Mr. Heckathorn to Cody Ungles and the College Prep class.

UNDERCLASSMEN

JUNIORS

Juniors reach for perfection.

Almost There

With the feeling of being closer to their senior year, the juniors were on to bigger and better things during the 95-96 school year. At first glance one might think that the juniors were not up to much this year, but that proved to be wrong. Long hours of practice and hard work were no stranger to the juniors. They were busy getting ready for prom, ACT, and selling magazines.

President Lisa Sliva, vice president Brenda Ternus, secretary/treasurer Amy Greisen and student council representatives Aaron Korth and Brian Werner were chosen to lead the junior class through their many activities. To help out with their many responsibilities were Mr. Brandl, Mrs. Widhalm, and Mr. Glock.

Besides trying to boss around the underclassman, the juniors were also engaged in concession stands and preparing for their senior year.

*Bossing around everyone
will be the thing I'm most
looking forward to!*

April Gronenthal

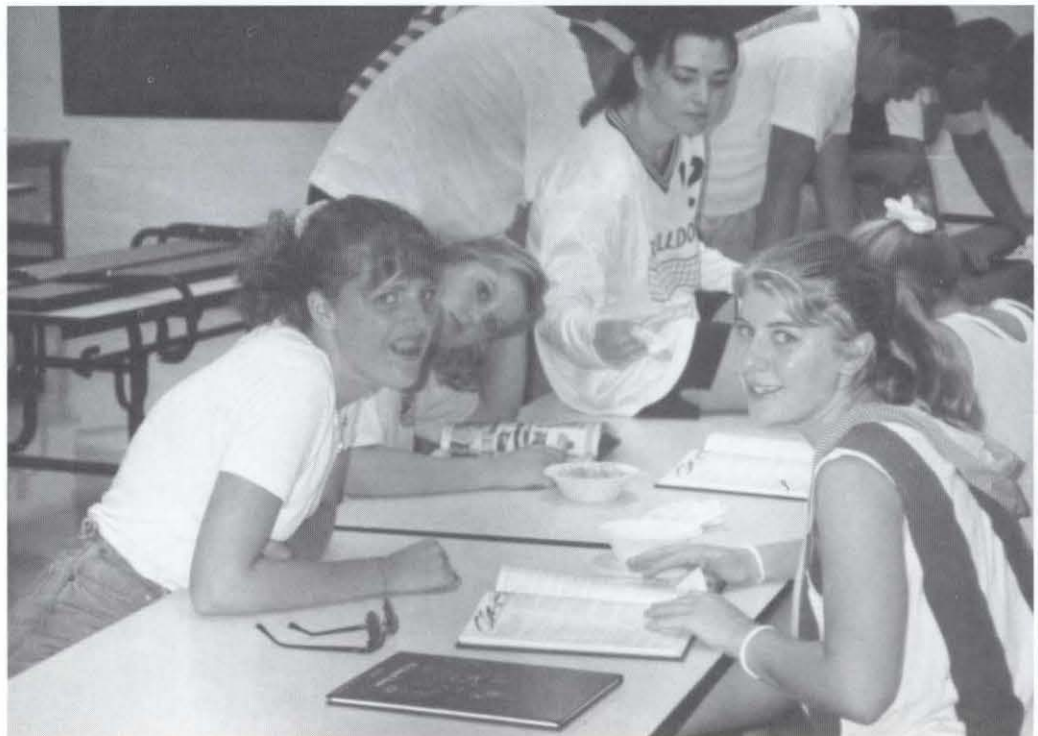

*Getting out of here will
be the best thing about
being a senior.*

SOPHOMORES

There goes the cruiser in a great ball of fire.

Sophomores Have License To Drive

It was another great year for the class of 1998 and one full of memories. This is the year when most of the sophomores turned the great age of 16 and got their driver's licenses. The class also received their class rings. Many of the sophomores had a very busy schedule during school plus participated in extra curricular activities such as athletics, drama, speech, music, band, FFA, and FHA.

One of the most memorable events was when Sara Greisen's car started on fire at Shelley Fischer's house and they had to call the fire department. It is safe to say that the old cruiser's days are over.

The class officers for the sophomore class were Luke Hornung as president, Amber Haynes as vice-president, Brad Greisen as the secretary/treasurer; and Shelley Fischer and Jennifer Gronenthal were this year's student council representatives. Mrs. Deb Brunswick was the class sponsor of the sophomore class.

Besides going to classes and after school activities, the sophomores took on the task of helping out the freshmen with this year's Homecoming dance. They made decorations and voting ballots, hired the D.J., and ordered the crowns for the royalty. This class had a fundraiser and worked the concession stand for two games. The sophomores also performed a skit for this year's Prom.

Amber Haynes holds Luke Hornung hostage because he did not get his page finished.

Top Left: Brad Greisen does his Ace Ventura impression.

Top Right: Preston Fox shows how enthused he is about being in school.

Right: Shelley Fischer and Sara Greisen exhibit enthusiasm during class.

I can't believe the old cruiser will never drive the streets of Lindsay again.

-Brad Greisen

We are finally sixteen and able to drive; we are getting so old.

Meet one wild and crazy class.

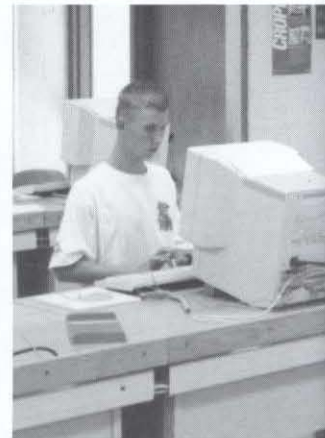

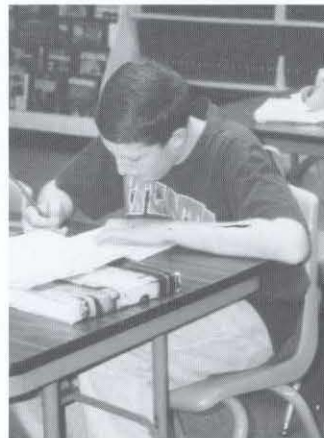

The Bottom of the Pile

The class of '99 was at the bottom of the pile this year, but that didn't stop them from having fun. They also thought about their future by concentrating on their studies and staying away from drugs and alcohol. You could find these wild and crazy freshmen spreading cheer throughout the hallways of H.H.S.

Some of the ways they were able to have fun was decorating for Homecoming with the sophomores, working at concession stands throughout the year and having a fund raiser. The money they earned this year and over the three years remaining will go to decorating for prom when they are juniors and that happy day when they become the "Mighty Seniors" and get to go on their senior sneak.

This wild and crazy class was under the guidance of Mrs. Barbara Lovercheck. The class officers were the following: president, Terry Thompson; vice president, Joey Preister; secretary, Steph Irwin; treasurer, Kayla LaBenz; student council representatives, Joel Robb and Chad Hemmer.

Even though the class of '99 was at the bottom of pile, they still participated like they knew what they were doing. Some activities they participated in were Spirit Week, Homecoming and Hearts, Spirit Club, FFA, FHA, One Act and sports.

The worst part of being a freshman is being bossed around by our seniors.

-Cindy Mansbach

The worst part of being a freshman is feeling like you're not part of the high school.

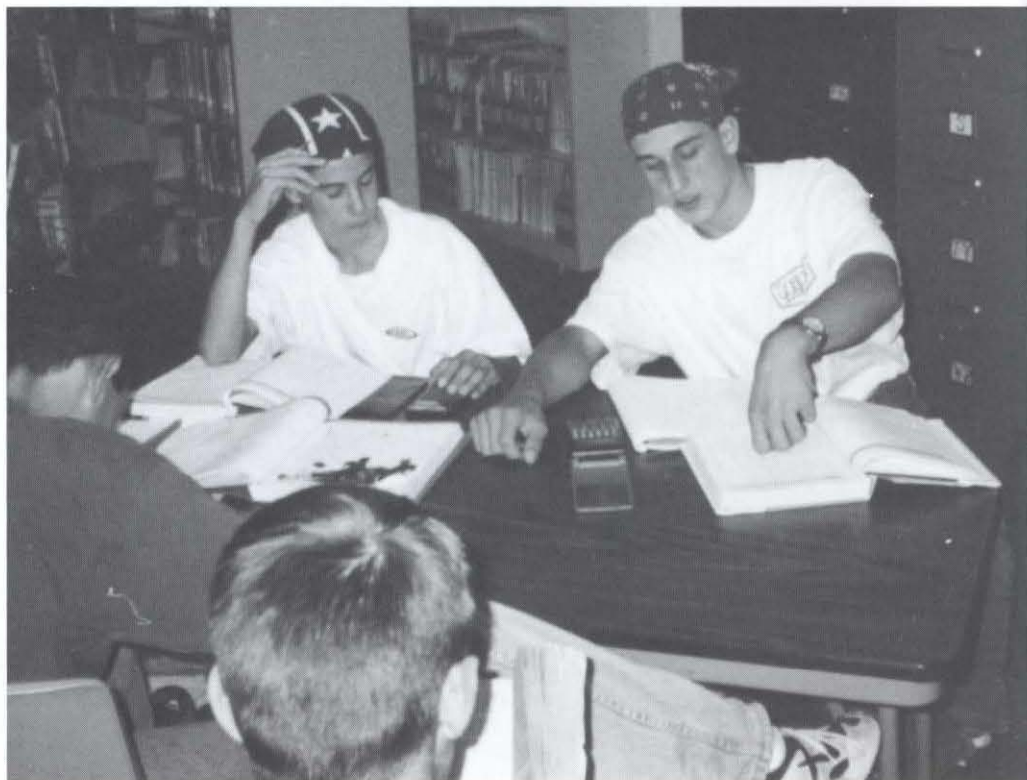

-Steph Irwin

Right: Joey Preister and Mike Brandl show how well teamwork pays off.

EIGHTH GRADE

Students start year with a bang!

Eighth-Graders Provide Variety

This year has been a blast for the eighth-grade. They started off the 95-96 school year with a bang by electing Jimmy Jones, president; Nathan Pfeifer, vice-president; and Julie Veik, secretary/treasurer. The junior-high volleyball team played ten regular season games finishing 9-1 for the season. They had two tournament wins, one from Lindsay and one from Clarkson. As for the boys, the junior-high football team this year ended the season 0-4. Mr. Glock sponsored the boys' football team this year. The eighth graders also had a dance with the seventh-grade.

A typical day for an eighth grader included the basics of math, English, science and various other classes. The behavior in the eight-grade class varied from day to day. Mr. Glock enjoyed the behavior from the eighth-graders this year.

Left: Whatever Paula Theilen is writing, it must be hilarious!

Tara Greisen agrees that there is no better way to start off the hot school year than with watermelon.

SEVENTH GRADE

Seventh-grade has a long journey ahead.

Starting from the Bottom

The seventh graders are finally out of elementary, but they have a long journey ahead of them. Now that they are in seventh-grade, they started this year off by electing class officers: Shawn Pfeifer, president; Jared Kucera, vice-president; Rainna Tasa, secretary; and Melissa Brandl, treasurer.

They also got involved sports this year. Seventh-grade boys competed along with with the eighth-grade in football. The seventh-grade girls' volleyball team played a 3-2 season. Volleyball sponsors were Ms. Broz and Ms. Kelley. The seventh-grade got involved in writing their own newspaper together. Mr. Rumsey and Ms. Bruening helped sponsor the 7th-8th grade dance that was held Nov. 3.

What kind of sports do seventh-grade boys prefer? Boys ranked basketball #1, football was the second choice, and track ended up being third. The seventh-grade girls chose volleyball as their number one sport.

Right: Adam Hemmer concentrates on his homework, but the rest of his classmates just want to talk.

Middle right: Paula Theilen makes it look like she's studying in the library, but how would we know?

THINKIN' i'm
COOL

ACADEMICS

Proficiency skills put to work.

Computers are Here to Stay

Ms. Herink first started her career at HHS in January of 1985. At first she only taught typing, accounting, recordkeeping, and Computer Applications I. Now nine years later, she taught Computer Applications II and keyboarding, which has replaced the typing class.

Keyboarding helped the students sharpen their skills and speed. They did timed typings from a book and learned the different formats for all kinds of letters. Computer Applications I and II gave the student an in-depth look at the different programs the computer had to offer.

A student who has taken recordkeeping and accounting will have learned how to keep records for any business. These classes gave the students an opportunity to learn how to arrange their records and record information that would be used for personal records, farm or home records, or for a business they may start later on in life.

Computers were used everyday throughout the 1995-1996 school year and they will be used in the many years to come. As long as Ms. Herink teaches at HHS, she will be able to pass on her knowledge that she knows about computers and what computers are used for.

Far left: Todd Groteluschen looks at his homework for recordkeeping, while Jennifer Gronenthal doodles in her notes to make sure her pen will work for the class.

Top right: Susan Wernhoff and Mikala LaBenz are busily typing for keyboarding.

I've learned about money management, keeping a budget, and an account in recordkeeping. This will help me twenty years from now. -Blake Hellbusch

After I graduate I will know how to use the techniques that I have learned. -Jeanette Frisch

Ms. Herink
Business

SOCIAL STUDIES & PSYCHOLOGY

Ms. Kelly
Government, Geography &
J.H. Careers

Mr. Glock
J.H. Social Studies, English
J.H. & High School P.E.

Social Studies correspond together.

Students Check Out the World

Social Studies for the students, government and world problems, and people are thought about and seen everyday. Psychology is taught by Mrs. Brunswick. Social Studies includes the history of Nebraska, World Cultures, the government of the country, the geography of the continents and the world. Mr. Glock taught the 7th and 8th graders in junior high social studies. Ms. Kelly taught government, geography, and 8th grade careers. Mr. Ditter taught modern problems to the high school.

Mrs. Brunswick has been teaching psychology for five years. This year she taught two students who also visited Wesleyan University to attend the Psychology Fair. The students learned and studied about the behavior of normal and not-so-normal people and animals. Mrs. Brunswick enjoyed teaching the unit of abnormal psychology: "It is a fascinating part of psychology and the students seem to enjoy it most."

Mr. Troy Glock has been teaching 7th-8th grade social studies. He enjoyed teaching about China and India's world cultures the most. His smallest class had 14 students and his largest were the 8th graders with 17 students. The 8th graders went to the State Capital, Morrill Hall, The Bob Devany Sports Center, and the Football Stadium with the 4th graders. This trip is done every year between the two classes. Mr. Glock loved the educational trip because the students saw some Nebraska athletes and he enjoyed the students, as they were well behaved on the trip.

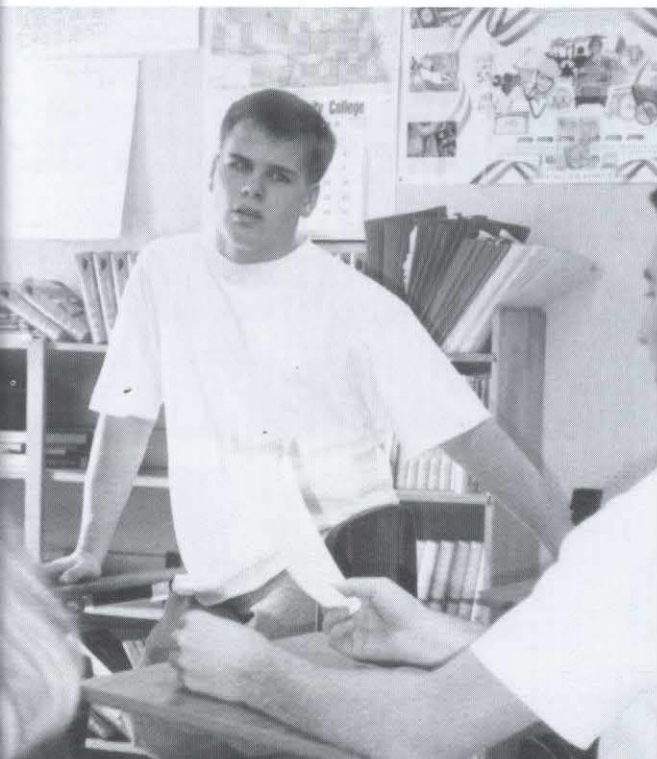

Ms. Kelly is one busy counselor, but her interests are in history and government. She loved to watch the tenth graders discover new things about places around them and around the world. There was a great concentration placed on learning where countries are, what their climate and vegetation was like, and what other people's economic lives were like. The geography class had a truck driver who sent them letters telling where he had traveled and the students plotted the places on the map.

"I think having the knowledge about our government is very important to the future taxpayers. Hopefully, I can open students minds to the importance of being a valuable member of our society," Ms. Kelly applied her knowledge to all the seniors enrolled in government. They learned about the three branches of the national government, the Constitution and how the Bill of Rights apply to people every day. The students also needed to know about Nebraska's state government and the unicameral. In the spring, the seniors registered to vote as they would all be of legal age to vote by November of 1996.

Mr. Ditter taught modern problems to 12 boys second semester. "This year the class is unique because there are only boys." Mr. Ditter would like a classroom with maps and other aids to help show the students where different places are for the different issues the class talks about. The topics for the class come from an UPDATE magazine. "We talk about sports, racism, current issues, and people. There are no tests, but the grades come from worksheets and our reading of the magazine." Preston Fox said.

Government should be taken because a student learns about the different bodies in the government and the rights a person has. -Joseph Pallas

From psychology, I learned that many people can't control their behaviors and shouldn't be made fun of. It was a very interesting class; now I can identify the illness that some people have. -Angie Mansbach

Troy Hastreiter voices his opinion on one of the many different government topics.

English is so much more.

English Brings Rewards

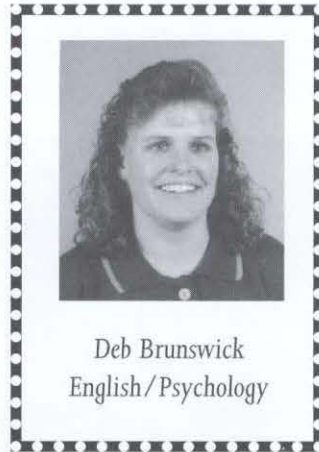

Most people think of English as just nouns, verbs, and long boring sentences. In fact, this does not even come close. English is about the words and wisdom of great people and about books and novels. It explains the writing systems and languages we use.

Mrs. Brunswick was just one of the teachers that taught English. Her classes consists of reading various novels, and learning about mythology, the structural forms of sentence writing, and American literature. These are only a few of the many things that you will be taught when taking these courses.

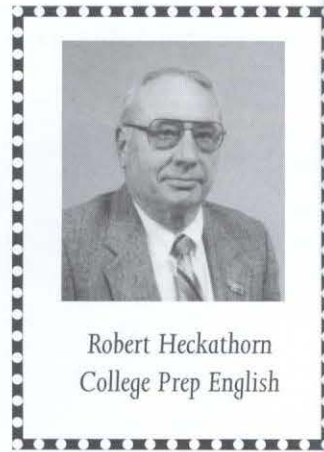

Mr. Heckathorn also taught College Prep English to seniors. When taking this class, you also received the knowledge of language and read an assorted number of books.

Teaching the junior high English is no easy job. Trying to make English fun and yet teach the students about the rewards of English is something rather difficult. Mr. Glock has proven that with a little patience anything can be done.

Mythology was my favorite thing in English class. It was neat learning about the gods. Sarah Henn

Deb Brunswick
English/Psychology

Robert Heckathorn
College Prep English

Top: Marie Davis gazes out the window while Mandy Ternus gets busy on her work.

Nick Wragge and Preston Fox can't believe a horse in English class.

Students enjoy the art of dissecting

Smell Proves To Be Good Learning Experience

Did you ever wonder what that offensive smell was that lingered throughout the halls on some school days? Well, most of the time it was coming from the science classes that have been dissecting.

Mr. Irwin has been teaching science here at Humphrey for 13 years. He has instructed physical science, biology, and advanced biology. Mr Irwin's classes enjoy dissecting and researching a variety of different animals.

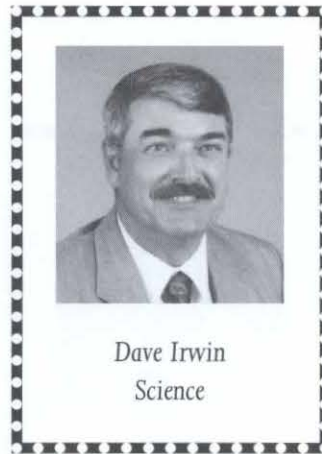

Chemistry was taught by Mrs. Lovercheck. The class got to make shirts with designs, out of chemicals. They also did other labs which were a good learning experience.

enjoyed the many different labs you get to do in science.

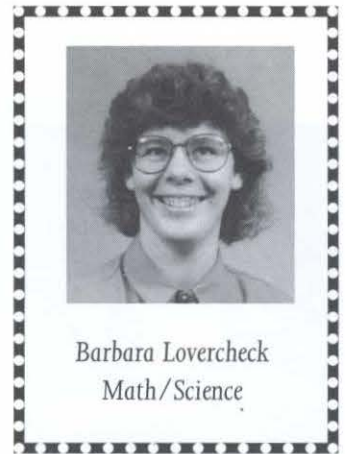

Tasha Gronenthal

It was fun dissecting the fish. And seeing all the parts it had.

Marie Davis

Dave Irwin
Science

Barbara Lovercheck
Math/Science

Top: Travis Theilen and Chris Greisen work on building their bridge.

Ron helps the science class prepare for their egg drop experiment.

Mrs. Lovercheck prepares an assignment for her next period science class.

Math/Computers go hand in hand.

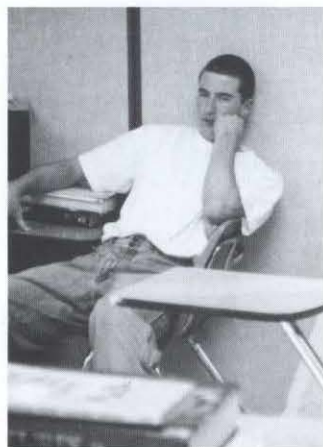

Technology Makes Math Interesting

Have you ever wished you could find the answer to a problem like $(y-x)+(7x-230)=x+2y(45-x)$? Well, now, you can learn how if you take one of the numerous math classes taught by Mrs. Lovercheck, Mr. Irwin or one of Humphrey's new teachers, Mr. Girard.

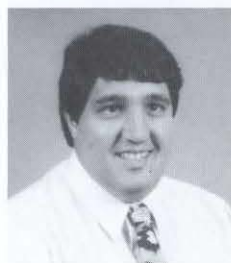

While working on a math problem, you may realize it would be a lot easier to do some of the work on a computer. That is what Mr. Girard tried to teach also. He often transferred his math classes to the computer lab to let them do work on the computer that they once did with pen and pencil. Mr. Girard also taught his geometry students how to draw geometric figures on the computer by using special commands.

"I like working with a new group of students and I also like coaching the volleyball and girls' basketball teams," remarked Mr. Girard about his first year at H.H.S. Mr. Girard's motto for his hard working students is "I will do my best, please try to do your best. Together we will learn and together we will grow. Never stop learning!!!"

Mr. Irwin and Mrs. Lovercheck tried their best to get their junior high students introduced to more complicated math. Together they teach seventh and eighth grade, pre-algebra and consumers math.

Mitch Robb shows what he thinks about math. It's tiring.

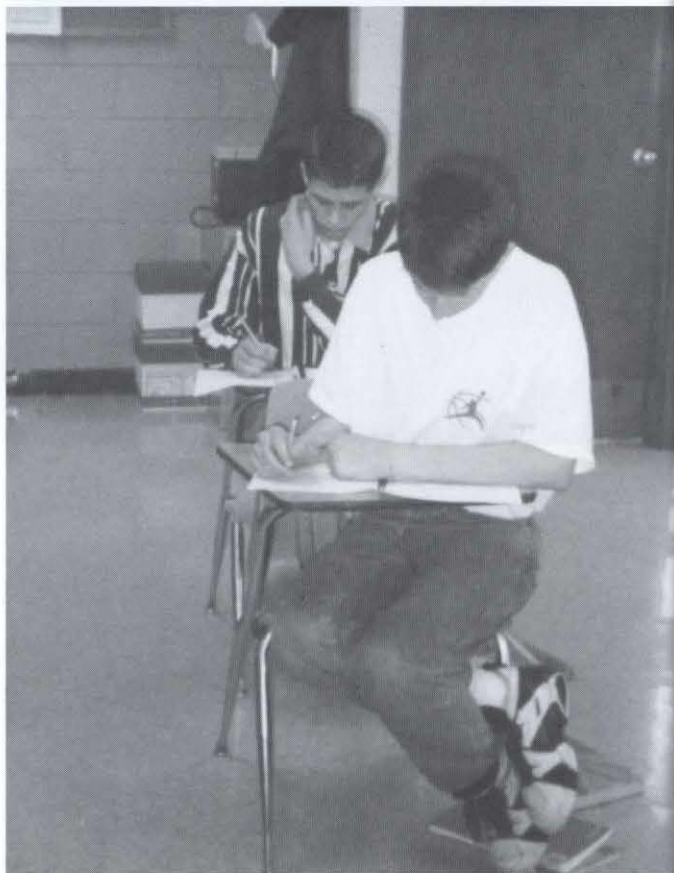

Raymond Girard
Math/Computers

Mr. Girard has to laugh when he reads the answer that a student wrote down.

Top right: Brad Greisen can't quite figure out how to do his assignment, but Brian Sliva seems to know how to do it.

I like the way Mr. Girard shows and explains how to do things easier. -Mike Brandt

Mrs. Lovercheck is a great teacher because she is smart and easy to get along with. -Crystal Schwarz

FAMILY AND CONSUMER SCIENCE

I like learning things that I will use when I get out of school. -Emily Gronenthal

It's really fun learning a different language and finding the differences between our culture and theirs. -Nick Wragge

FCS reaches farther into the future.

Learning about the Facts of Life

When you sign up for a Family and Consumer Science class, you may be thinking of eating lots of food and changing a doll's diaper. But there is a great deal more to do than meets the eye. You will also have to learn to manage your time, make decisions, solve different kinds of problems and learn about human relationships and career planning. The person who is most likely to teach you this would be Elaine Bruening.

Mrs. Bruening felt that this class was very important for people's future because you will learn so much that has do with the family and the community as well.

Mrs. Bruening also taught German I and II. In these classes you also learned the language, different foods and customs and songs from Germany. They also had a visitor this year when a foreign exchange student from Germany, Sandra Schmidt, came with a classmate from Madison High. Sandra talked to many different classes. She told about Germany's education system, their culture, and family life since the Wall was taken down.

Elaine Bruening
Family & Consumer Science
German

Jeff Wright tries to act like he knows what he's talking about.

Top left: Marie Davis and Nick Wragge pretend to be studying, but something seems to be really funny.

PHYSICAL EDUCATION

Students get a workout.

Balls Hit The Walls

The sound of noisy teens, basketballs, volleyballs and any other objects the PE students could get their hands on, filled the gym of Humphrey High. Many students received many hours of intense competition while being involved in PE.

Participating in physical education this year was the freshmen class and a small group of the seniors. Mr. Ditter had the experience of teaching these students. Each class participated in a variety of activities which kept them physically fit throughout the year. It also taught them to give it their all during the course of the year.

One of the favorite things the seniors did was going bowling down at the bowling alley. The freshmen p.e. class got an in-depth look about keeping their bodies healthy every Friday during health class.

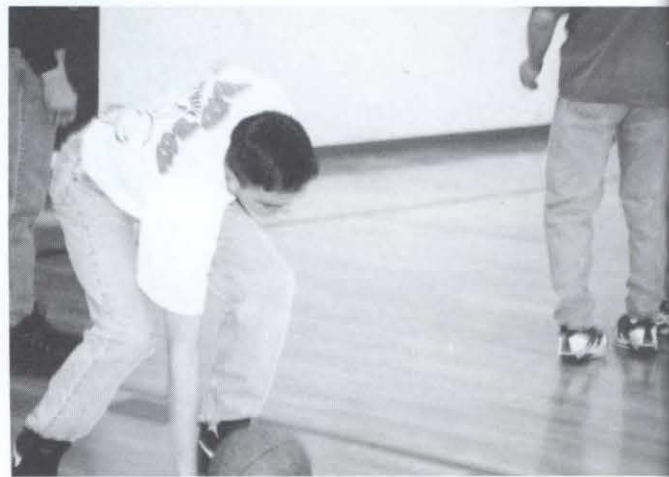

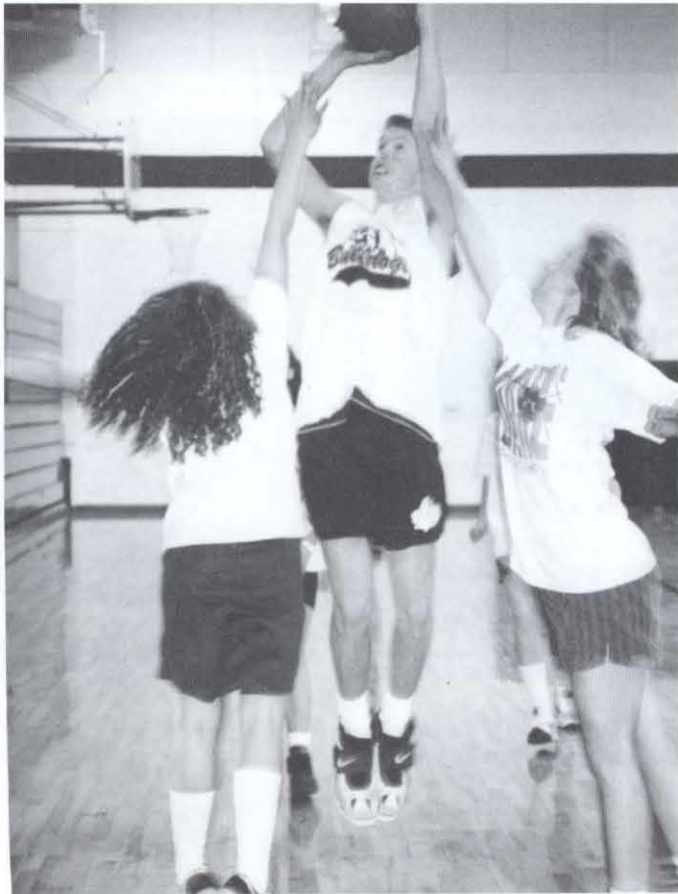

Leroy Ditter
PE/Social Studies

PE will help to give me the ability to make and achieve higher goals.

Cindy Mansbach

PE will me to keep my body in better shape later in life.

Cody Ungles

Jeff Wright decides that it would be fun to bowl instead of play basketball.

Top: Joe Pallas stares hard at the rim as he prepares to make the basket.

INDUSTRIAL ARTS/AGRICULTURE

Doug Rumsey
Agriculture

Kevin Brandl
Industrial Arts

Shop students keep busy.

Hard Work Brings Success

Walking through the brown double doors, one hears the sound of saws and welders ringing throughout.

Keeping busy was something that the shop and ag students were experienced in. Building boxscrapers, clocks, and welding tables were a few of the accomplishments the shop and ag students completed.

One highlight of this year was when a rag full of stain started on fire due to spontaneous combustion. The rag started a project on fire creating a slight problem for the shop class. From this experience Mr. Brandl explained the importance of safety in shop. Teaching the students a very important lesson in their road to being more successful.

Yes I think of shop as an art. You get to design and work with many wood.
- Chad Pfeifer

I feel that agriculture is important so that we can save our environment
- Jamie Bender

Jason Gronenthal shows off his beautiful welds during ag class.

Left: Aaron Korth works on sanding down his project during shop.

Middle left: Chris Greisen stares at the sander wondering what he should do with it.

INSTRUMENTAL & VOCAL MUSIC

The voices of the choir were that of angels.

Hear the Trumpets Ring

Throughout the course of the year, you may have heard a few very mysterious noises coming from the end of the building. Don't worry, these were just the noises of the Humphrey High School band and choir.

This year the Humphrey band was involved in numerous activities and contests. There were also a few members of this year's band who took part in the many honor bands such as Platte College Honor Band, Conference Honor Band, University of Kearney Honor Band, and the Class D All-State Honor Band. This year the music department held a Spaghetti Supper/Musical for its fundraiser.

The 95-96 band officers were as follows: Angie Mausbach as president, Jessie Pfeifer as vice president, Lisa Sliva as secretary/treasurer, Luke Hornung and Jennifer Gronenthal as student council representatives, and Andy Ternus as the St. Francis representative.

"One of the highlights of the year was when we won first place at the Wayne State Band Day," remarked Miss Bair.

Like the band, the choir performed in many honor choirs. "This year's choir did very well at contest and sounded great on the concerts," remarked Mrs. Goering.

Pam Goering
Vocal Music

Amanda Bair
Instrumental Music

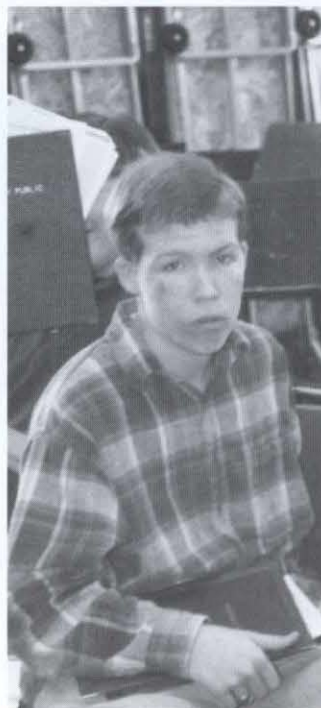

Steph Irwin works very hard on singing the correct notes to this new, very hard, song.

Bottom Middle: As Susan Wemhoff finishes the last song, she eagerly turns away so she won't have to play anymore.

Top Right: Mike Brandl, Joel Robb, and Luke Hornung are trying their hardest to play the new song, "Iron Man."

Bottom Right: Amanda Ternus plays the pep-band song as fast as she can.

Jason Gronenthal works so vigorously at trying to sing the right notes that he stops for a breather.

This year I think our band did really great at contest and performed well during concerts.

-Jennifer Gronenthal

This year in choir I really enjoyed it because the songs we played were really neat and fun to sing.

-Shelley Fischer

LIBRARY

Mrs. Totten
Librarian

Jump into a book and let your mind escape.

Books Can Take You to a Special Place Far Away

What do think of when you hear the word library, a drabby old place that is boring where you go only when you have to? This perception is wrong. When you walked into the library this year, you were greeted by the friendly face of the ten-year veteran of the library, Mrs. Totten. Mrs. Totten was always willing to help you find that vital information you needed for a term paper, a report, or extra credit.

The library was a quiet place, filled with over 10,000 books for all ages. It was a good place for doing homework or just chatting with Mrs. Totten. The library was also a great place to just jump into a book and let your mind take you to a new and different place.

This year the Accelerated Reader Program expanded. This year the first and second graders were also included.

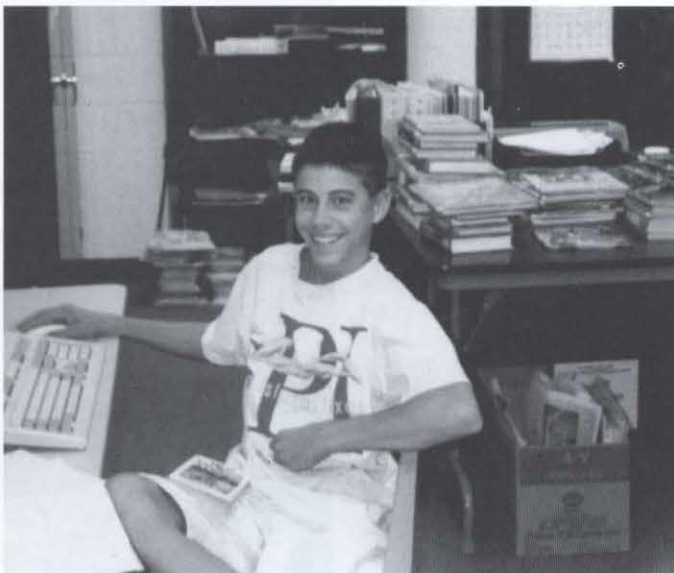

When I go to the library to study I like to use the little table in the corner because nobody bothers me, it is quiet, and I can take an occasional nap.

-Brad Greisen

I like the library because it is a quiet place you can go to be by yourself and it has all the information you need for reports and those long term papers.

-Emily Gronenthal

Joey Preister shows the people in the library how good he is at using the new computer.

Bottom Left: Amanda Long studies very hard on her math assignments.

Middle Left: Cindy Mausbach and Kayla LaBenz squint their eyes because looking up books in the library seems to them to be very difficult.

Top Right: Angela Long is dazed and confused about whether she should use the card catalog or the computer.

ART, ANATOMY, & SPANISH

HHS students excel at classes offered by HSF.

Three Classes are Relaxed

Mrs. Brock has been teaching Spanish at Humphrey Saint Francis for ten years. Also in these ten years she has been having the privilege of saying "Hola" to the students of HHS. There were 12 Humphrey High individuals learning Spanish I and II. She also had a Spanish III class. The Spanish II students were able to go on a trip this year to Spain. Last year they visited Mexico. The Spanish students corresponded in Spanish with other Spanish students at Lakeview High in Columbus. This gave the students the opportunity to put their learned Spanish to use. Mrs. Brock did not make Spanish a boring subject, but a learning opportunity by singing, dancing, eating Mexican foods like popcorn, making commercials, writing books, and playing games with Spanish words.

When Mr. Dean Korus was asked why his class was so unique, he replied by saying, "It has me." His classes did, but most students liked the relaxed atmosphere in the class. The students worked at his or her own pace individually. Mr. Korus lived on punctuality to meet the deadlines for the Art Show. This year the Art Show was held at Leigh. He stressed technique rather than being out right creative in his Art I, II, III, IV classes. The 1995-96 school year marked his fifteenth year teaching art as a subject. Throughout the years he has taken the students on field trips to the museums in Lincoln or Omaha, alternating every year. This year's field trip will be remembered by the ten HHS students who went with other HSF students to Lincoln. The students never got to visit the art museum as it was closed on the Monday they went. There were moments that were funny and memorable but the incident that was always brought up in his class was during pottery. Mr. Korus explained the time that he didn't set the kiln at the current setting before going home, and for that whole night he could not for the life of him figure out exactly what he forgot to do. When he walked into his room the next morning and checked the kiln, he saw that he blew up all of the students sculptures.

When four HHS students walked into the anatomy classroom with eight other HSF students, the atmosphere here also seemed relaxing. The students learned about the bodily systems: the skeletal, integumentary, muscular, nervous, circulatory and reproductive constructions. This class dissected eyes, brains, and sometimes hearts and fetal pigs. This year the class traveled with the HSF psychology class to the regional center and physical therapy center to learn more about the nervous and bodily changes. Most students felt that Mrs. Harmes is a unique teacher, who is relaxed, until test time.

Art is a chance to show one's talent. Spanish lets a person understand what is spoken frequently. -Preston Fox

I liked learning about the body in anatomy and the field trip. -Jessie Pfeifer

Bottom: Maria Brandl is receiving help from Jasmine Gasper on the art of batiking. Batik is a process of melting wax and using a tool to spread the hot wax to preserve the cloth and the die.

Middle: Brad Greisen and Adam Kucera finally get the Spanish joke that was said earlier in the class.

Right: Mrs. Brock lowers her head at what a student is going to write to their pen pal at Lakeview.

Left: Angela Long looks through the art to find hers.

SPECIAL EDUCATION

Mrs. Reding
Speech Language Specialist

Mrs. Ditter
Title One Reading

Mrs. Wilson
Special Education

Mrs. Widhalm
Special Education

"Students are the best part of my job."

Exploring New Words is Fun

Humphrey High school established Special Education in the 1930's, but they supplied teachers in 1964. Title 1 Reading was offered for students ages preschool-12 and has been available at Humphrey High School since 1976. This year the school supplied four teachers for these areas: Mrs. Reding, who was a speech language specialist; Mrs. Ditter, who taught title one reading; Mrs. Wilson, who taught special education at the convent; and Mrs. Widhalm who taught special education at Humphrey Public.

"When students understand the concepts and they get excited about learning more, I, too, am excited to help them excel even more, and am glad to help them," Mrs. Wilson commented. Her rules in class were that the students must have homework completed on time and quietness must be given when they are in class. Also, showing and practicing good manners, promptness, and kindness should be thought about at all times.

When the students learn and then say, "Oh, I see!" Mrs. Ditter was very pleased and loved her job even more. She has been teaching Title 1 Reading at HHS for 35 years. She helped students from grades 1-6 explore the technology of the world with computers, and with the new and old words they have learned. To make it fun for the students, she would use crossword puzzles, magic tricks, and invitation days. She also helped her students with their reading. She asked every student to respect everyone and everything.

Mrs. Reding has been teaching students from preschool to seniors for 22 years now. She enjoyed seeing the students understand a difficult concept and having them learn and improve their social and academic skills. Her most important rule was "Do not interrupt another person" and "Do not put anyone down in any way." She taught students in small groups and gave each child his own individual attention. She felt great after hearing that students want to join her in her class.

"My greatest moment will be this year when Carolyn Brandl walks across the stage at graduation. I have been working with her ever since her accident in kindergarten, twelve years ago. It will be a part of me leaving this year," Mrs. Widhalm remarked after teaching K-12 grade special education in Humphrey for 16 years. She helped children with learning disabilities, mild handicaps, traumatic brain injuries and hearing problems. "My students are the best part of my job." She feels great if she got most of her students for most of their school life. After the students see her year after year, they feel comfortable around her and that helped with school work, family life and just talking. It also felt good to know that both Mrs. Widhalm and the students feel comfortable when accidentally the student says "Mom" instead of Mrs. Widhalm.

Left: Mrs. Ditter points out that you can do many different things on a computer.

Right: Mrs. Reding helps a student with an assignment in reading and with his spelling words.

Administrators Look For Goals

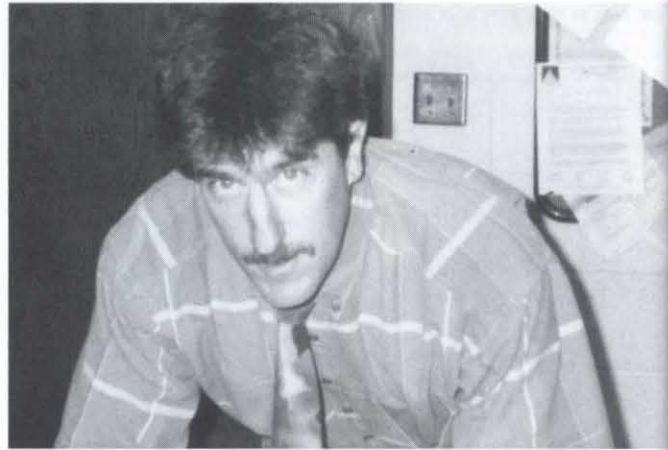

Administrators Want Change For The Future

There are two very important people that make up the administration, Robert Heckathorn and Steve Robb. They kicked off the '95-96' school year hoping to achieve many goals. Mr. Heckathorn's main goal for this year was to increase staff and student morale. Mr. Robb also had goals. He worked to achieve the expanded use of the internet and hoped to see student achievement and climate improve!

Mr. Heckathorn had plenty of jobs for the school year. He was in charge of handling the school's finance, public relations, and staff supervision. Mr. Robb had a few jobs himself. He was in charge of student discipline, teacher supervision, public relations, and curriculum monitoring.

School board members, also part of the administration, included for this year: Harry Greisen, Melvin Brandl, Mary Ann Babel, Melvin Pfeifer, James Maguire, Tim Sliva, Daryl Herchenbach, and Bill Fischer.

Ms. Kelly was school counselor. She also had some goals to achieve this year. Ms. Kelly's goal was getting the students more oriented to their future. Some of the jobs she did around here was teaching government, geography, and 8th grade career class. She also set students schedules, class changes, and met college recruiters.

Top right: Mr. Robb believes he woke up from a bad daydream.

Middle right: An idea just came to Ms. Kelly while she was watching her studyhall.

Mr. Heckathorn tries to look busy, but he is not doing a good job.

STAFF

Michelle is thinking about the end of the day and going home.

Staff Keeps Up

Staff Keeps On Top Of Things

One thing people noticed when they visited Humphrey High was the way the school ran smoothly and the service they got. Humphrey High was a school with a staff that could keep things going in a neat and orderly fashion.

The list started with Ron Krings. He has been the head custodian at Humphrey High. Ron does many other things besides cleaning. He had one goal to achieve this year. He wanted to try to stay ahead of his work schedule. What he liked most about his job was the ability to work indoors for the winter and outdoors for the summer. His most stressful part of the job was at the beginning of the school year because he had to get the school in an orderly fashion.

Connie Chaulk and Lois Gronenthal are Humphrey High's other custodians. They helped Ron with the cleaning.

Joan Wemhoff kept busy this year. She typed all letters, forms, bulletins and other typing as may be requested by administration and staff. She also answered incoming calls in a pleasing manner and routed the call or message to the proper staff member. She assisted the principal in keeping records of daily attendance, tardies and other school activities.

Michelle Wemhoff was in charge of the bookkeeping, lunch tickets, and payroll. She liked being around the students, staff and faculty here at H.H.S. most about her job. Her stressful part of the job has been trying to meet all deadlines with not enough hours in a work day.

Cecelia Dohmen has been assisting students in certain subjects and guiding them when necessary. She also helped Miss Broz in 3rd grade. Some of the goals she achieved this year were assisting the other instructors and making sure the students reached their educational goals. What she enjoyed most about her job was watching the students learn and grow.

The H.H.S. cook's had a busy schedule this year. These people were in charge of the making and preparing of food. The cooks were Bev Hellbusch, Mary Fischer, Judy Wessel and Marilyn Labenz.

Last but not least, we can't leave out the bus drivers. They helped bring the kids to and from school. These are Barb Badje, Ed Boesch, Stella Rasmussen, Cheryl Hastreiter, Karen Lachnit and Steve Sjuts.

Middle left: The staff in the cafeteria look busy helping the kids get their food.

Bottom left: Ms. Dohmen is helping the students with their homework.

Ron can't figure why this board isn't straight.

VOLLEYBALL

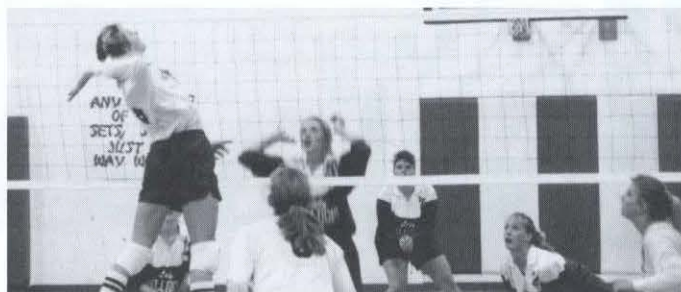

Rough road on a long track

Giving 110%

The 95-96 volleyball season started out on rough tracks for the Lady Bulldogs. The girls lost 13 games before gathering two wins in a row. The season was one of ups and downs. The girls final record was 4-17. Although it was a losing record, the seniors could look back at good memories while underclassmen looked toward higher goals for next year.

Coach Julie Herink and assistant coach Ray Girard asked the girls to play each game at 110%. If that meant going out like a gun with no bullets left and no win, well at least they knew they tried their hardest.

The Bulldogs season ended in a loss during the second round of sub-districts to St. Francis. Amy Greisen was awarded with All Conference.

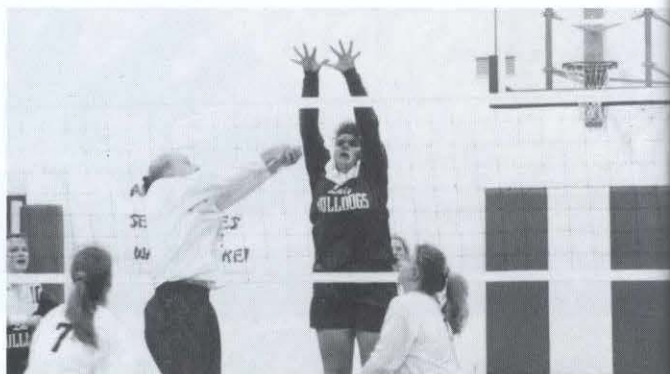

Amy Greisen goes up for a spike.

The 95' Bulldogs volleyball team: front row-Angie Mausbach, Jessie Pfeifer; second row-Mona Brandt, Melissa Langhorst, Lisa Sliva, Cindy Mausbach, Crystal Schwarz, Marie Davis; third row-Laura Olson, Susan Wemhoff, Jennifer Gronenthal, Shelley Fischer, Steph Irwin, Kayla Labenz; last row-Assistant Coach Ray Girard, Mandy Ternus, Sara Greisen, Tina Groteluschen, Tara Sjuts, April Gronenthal, Amy Greisen and Head Coach Julie Herink.

FOOTBALL

Before the winning comes the fun.

More Than Winning

The '95 football season had a lot more than winning involved. They had to have fun during the season too, although that could be hard at times. The Bulldogs first win came over the Bulldogs of Lindsay.

Even though the football team didn't have a winning season, Mr. Ditter commented on the season by saying, "We started out pretty good, but after the Lindsay game, it went a little downhill. Altogether though, we played pretty well against the competition we had, and the fact that we only had four returning starters."

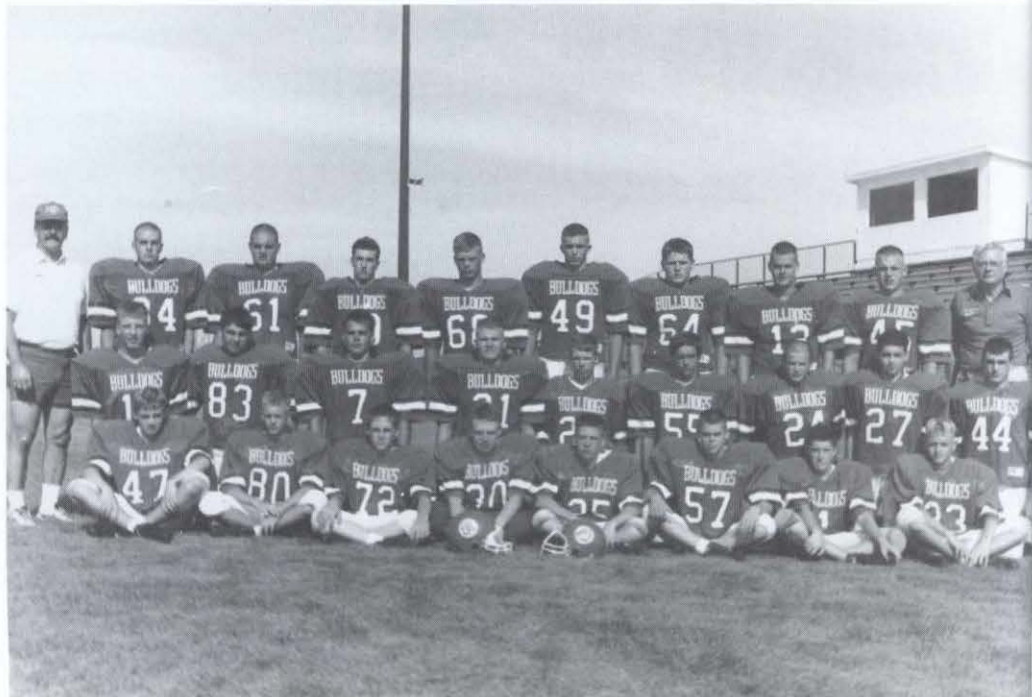

Humphrey High players received many conference honors: Mitch Robb, Honorable Mention Quarterback and Defensive Back; Cory Hastreiter, Honorable Mention Back and Second Team Linebacker; Travis Theilen, Honorable Mention Guard and First Team Linemen; Blake Hellbusch, Honorable Mention Defensive Back; Marvin Gronenthal, Honorable Mention Back; Brian Werner, Honorable Mention End.

Top Left: Marvin Gronenthal leaves everyone in the dust.

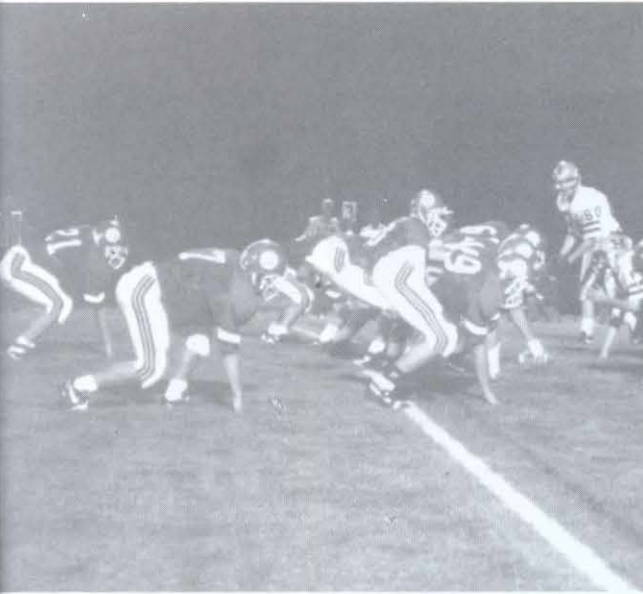

Top Right: Mitch Robb shows how tiring football really is while Mr. Ditter comforts him.

Middle: The team captains once again don't know what to say.

GIRLS' BASKETBALL

The game of ball is a challenge.

Two Coaches Love to Help

"We played the top three teams in the conference in a span of five days. We didn't win, but we played each to ten or less. It was great to also win the Benedict holiday tournament." Mr. Irwin, girl's head coach remarked. He has been coaching since 1970. Mr. Irwin felt that at some times, if he was in the game of basketball instead of coaching, he could have made things happen sooner, "But it is a challenge to try and get it across to the players, too."

"Some of our best games in the season were games that versed St. Francis and Holy Family. The Benedict Tournament was outstanding," the assistant basketball coach for the girls, Mr. Girard, mentioned after coaching for his first year and he would rather coach because he felt it is enjoyable to help someone increase their potential.

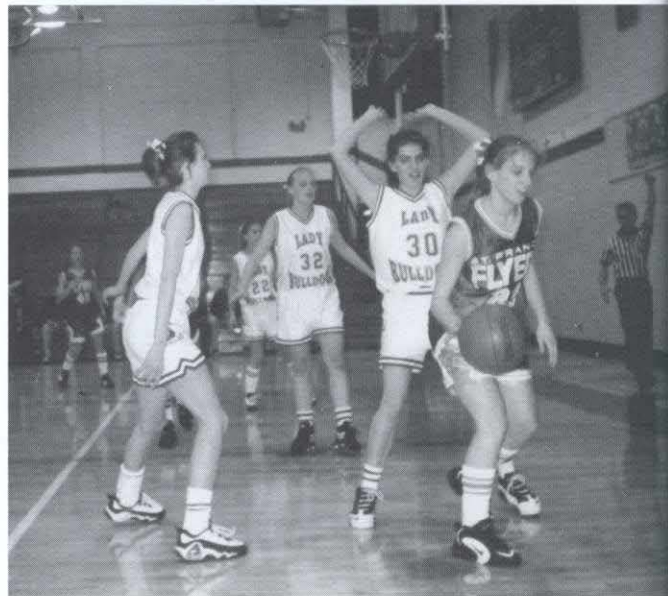

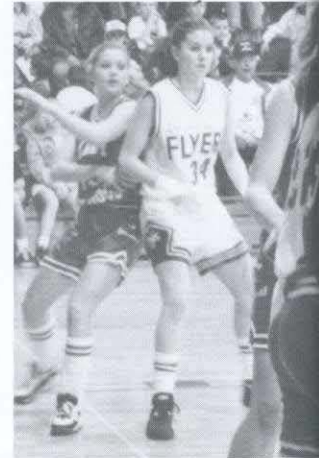

The girls fought hard all year and played some very good teams with good records. Their schedule was not an easy one. Throughout the season many of the girls improved and so did their opponents. "During the different games, the inside players did well, at others they could have used help." Mr. Irwin said. "Practice makes perfect while playing basketball and practice will also prepare the girls for next year. I thought the kids practiced hard all year, we worked hard in the games, we had one of the best defenses around, but our offense didn't always work well. We need some shooters with confidence." The girls are planning to attend camps and play some ball this summer in their spare time.

The goals set by this year's girls were to win conference, have a winning season, win district, and win the holiday tournament; they only accomplished one and that was the tournament. The team finished 8-10 and were 2-5 in the conference, after going 5-2 in the conference last year. Tara Sjuts was awarded first team all conference, first team Columbus Telegram and Honorable Mention Omaha World Herald All State Team. Amy Greisen was awarded honorable mention all conference and honorable mention Omaha World Herald All-State team. Lisa Sliva and Tina Grotelushen received Honorable mention all conference.

Middle right: Amy Greisen helps Tina Grotelushen defend a St. Francis player with Tara Sjuts in the back hoping the defender is not going to shoot.

Amber Haynes not only shows off her basketball skills, but also the new dance move she learned.

Lisa Sliva defends her opponent with a reverse pivot move.

1910 was the year to celebrate 85 years of girls basketball for Humphrey. The 1910 Girls Basketball team at Humphrey: Elizabeth Eggers, Nora Condon, Frances Budinger, Lucy Keller, Minirva Van der Weide, and Cinzila Weber.

BOYS' BASKETBALL

Bulldogs are too tough to die.

Winning Isn't Everything

The boys basketball team of 95-96 was a fairly large one compared to past years. This was due to the fact that they had 22 freshmen to senior boys out. Their team captains this season were seniors Mitch Robb, Travis Theilen and Chris Greisen. At the beginning of the year, the whole team got together with the captains and made up some goals. They included winning both the holiday tournament and conference tournament and taking a trip to Lincoln in March to the Boys State Basketball Tournament.

Though none of their team goals were reached, two of the team members did achieve one of their goals. They were Chris Greisen and Mitch Robb who made All-State Honorable Mention for the *Omaha World Herald*.

A new assistant coach was hired besides having head coach Troy Glock and assistant Kevin Bender. This new member to the boys' basketball program was Jeff Zach. Mr. Glock felt that the boys worked very hard throughout the season and were a good group to work with. He also felt that the team couldn't get anything going in the fourth quarter, but most of the games were still very close ones. Although their record was only 8-11, it taught everyone a lot. There are more things in life than winning.

Right: The boys varsity basketball team tries to get psyched up before the big game with cross town rivalry Humphrey St. Francis.

Top right: Brian Werner and Chad Pfeifer really wish their opponents would get out of the way.

Middle right: Travis Theilen wonders how that guy can jump so high.

BOYS' BASKETBALL

Left: Aaron Korth practices his boxing out, but no one's there to box out.

Middle left: Jason Gronenthal dreams of slamming the ball and winning the game for his team.

Middle right: All Mitch Robb can think about before the game is crushing the opponent.

Bottom: Mitch Robb and Chad Pfeifer can't believe what the ref just called.

This season seemed a lot more challenging than other years. -David Brandt

We really played together more this year and it seemed like we got along better, too. -Jason Gronenthal

GIRLS' TRACK

Hard work leads to success.

Success Comes in Many Ways

The 1995-96 girls' track team was very successful this year. There were fourteen girls out. The members were as follows: Angie Mausbach, Amy Greisen, Lisa Sliva, Melissa Langhorst, Shelley Fischer, Sara Greisen, Tara Sjuts, Cindy Mausbach, Amanda Long, Susan Wemhoff, Jenny Macken, Kayla LaBenz, Stef Irwin and Natasha Gronenthal.

Kevin Brandl was head coach and was in charge of the sprinters. They were Amy Greisen, Lisa Sliva, Shelley Fischer, Cindy Mausbach, Amanda Long and Angie Mausbach. Amy Griesen, Lisa Sliva, Shelley Fischer and Cindy Mausbach qualified for state in the 4x100 relay, and the 4x400 relay also qualified which consisted of Amy Greisen, Lisa Sliva, Shelley Fischer and Angie Mausbach.

The new assistant coach was Robin Broz and she was in charge off the middle and long distance runners. They were Angie Mausbach, Melissa Langhorst, Jenny Macken, Kayla Labenz and Steph Irwin. Both of the coaches shared duties for those who participated in the field events. They were Tara Sjuts, Kayla LaBenz, Susan Wemhoff, Amanda Long, Natasha Gronenthal and Jenny Macken.

Awards for the team consisted of a runners-up trophy at the Monroe-Silver Creek Invitational, tying with Lindsay Holy Family. Mr. Brandl thought the year went extremely well and said that "It was a great competitive season. I was pleased with the teamwork and the effort they all gave. I think with hard work, success can come in many different ways, and this season we had some."

Jenny Macken concentrates on the girl in front of her and winning the race.

Top right: Mr. Brandl and Sara Greisen wait patiently to see if Sara placed in her 800 or not.

Middle right: Amy Greisen and Lisa Sliva decide to take a short nap before they have to report for the 4x1 relay.

Bottom left: Amanda Long demonstrates how hard it really is keeping up with her opponents.

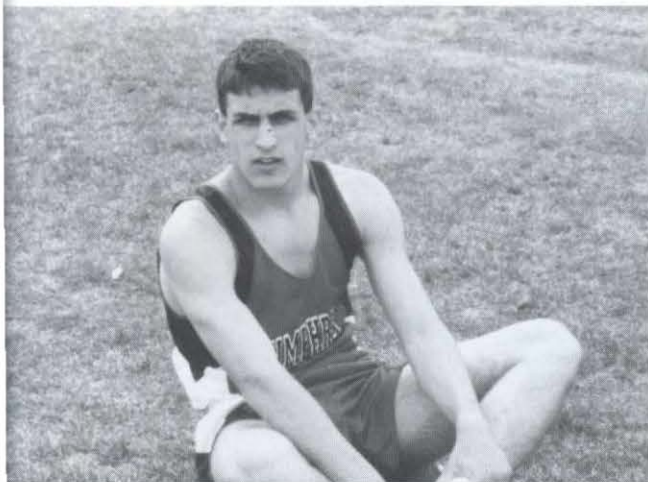

Bottom right: Shelley Fischer shows the importance of drinking plenty of water during the day.

This season was different than the past because I was the only senior and I felt like a leader. It was a great year.
-Angie Mausbach

BOYS' TRACK

It was an awesome season and I especially enjoyed the banana fights. -Aaron Korth

There is no I in Team.

Teamwork Proves to Be a Factor

This season the boys' track team got out into full swing with 15 boys out. They were Chris Greisen, Mitch Robb, Travis Theilen, Mike Heesacker, Sean Chaulk, Aaron Korth, Jason Gronenthal, Chad Pfeifer, David Brandl, Brad Greisen, Mike Brandl, Chad Hemmer, Josh Gronenthal, Ryan Cattau and Jon Hellbusch.

Coaches were, as usual, Leroy Ditter as head and Dave Irwin as assistant. Coach Ditter was in charge of the runners and jumpers. They had a very successful season and their hard work finally paid off when four members qualified for the State Track Meet in Omaha. Those qualifying were Chris Greisen in the 400 and 800 meters, Josh Gronenthal in the 1600 and 3200 meters and the 4x8 relay of Chris Greisen, Jason Gronenthal, Chad Pfeifer, and Josh Gronenthal.

The weight events did not qualify for state, but they worked hard throughout the year. They were a big part of the team when it came down to the team trophies. Everyone seemed to put the team in first place and worry about themselves later. Together they won the Monroe-Silver Creek Invitational and they received second in the Lindsay Invitational.

The athletes that scored the most this season were Josh Gronenthal, Chris Greisen and Mike Brandl. Mr. Ditter commented on the year as being very successful, as a team and as individuals.

Top left: Brad Greisen tries to explain to Jason Gronenthal what a rock is made of.

Coaches Dave Irwin and Leroy Ditter discuss ways of making the boys track team miserable.

Activities

HOMECOMING

Homecoming filled with spirit

Homecoming Was Just "Not Enough"

This year Spirit Week started off with a bang. The festivities started on Monday night when the booster club put on a bonfire in the Foltz Sports Complex.

Everything went well at the bonfire until a group of gang members began to beat up the Clarkson Red Devils. Relax, it was just a skit that the sophomore class put on to work up a little spirit at the pep rally.

The festivities proceeded throughout the week with five different dressup days at school. Monday was Nerd Day, Tuesday was Army and Mourning Day, on Wednesday the school went back in time for Toga and 50's Day, Thursday was Hippie Day, and Fridays was Go Big Red Day.

Junior Olympics were held on Friday during eighth period in the gym. The high school had to participate in different games, competing against the other classes to see which class would win the Olympics. At the end of the games, the Seniors proved victorious with the juniors following close behind with a second place win.

On Thursday night the Lady Bulldogs battled the Lindsay Lady Bulldogs in a volleyball game. The Humphrey Bulldogs were not able to bring home a win.

Friday brought the Clarkson Red Devils to our field to battle the Bulldogs. The Bulldogs lost to the Red Devils.

On Saturday, October seventh, Homecoming coronation was held at 8:30. This year's royalty were as follows: King and Queen, Cory Hastreiter and Angie Mausbach; senior attendants, Jessie Pfeifer and Marshall Gronenthal; junior attendants, Tina Groteluschen and Jeff Huettner; sophomore attendants; Tara Sjuts and Todd Groteluschen and freshman attendants, Cindy Mausbach and Mike Brandl.

The dance followed coronation with "Not Enough" being the theme and purple, black, and silver being the color scheme. Dynamic Light and Sound provided the music for this year's dance.

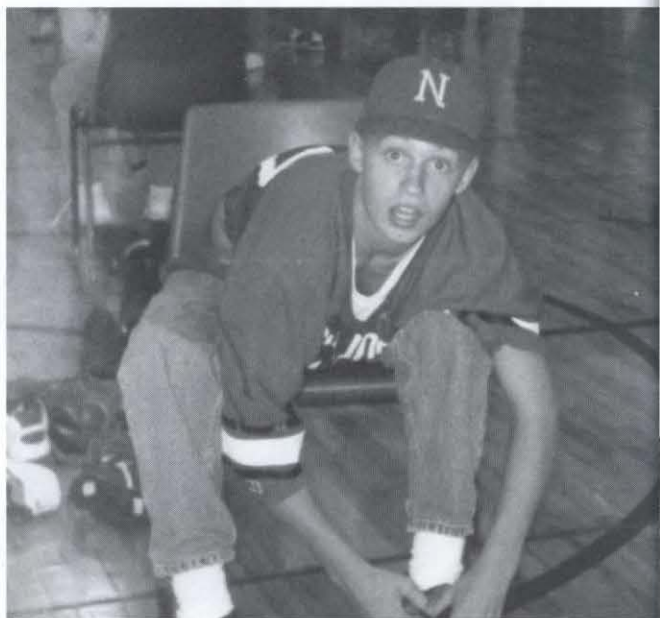

Steph Irwin, Kayla LaBenz, and Cindy Mausbach get hip with the 50's.

My favorite thing about Homecoming week was the dance. I had a great time and thought the night was very fun filled.

-Chris Greisen

My most memorable time of Homecoming week this year was when our school had it's first bonfire.

-Jessie Pfeifer

Sara Greisen, Shelley Fischer, and Jennifer Gronenthal share close times at Homecoming.

Top right: Ryan Cattau finds his shoes in the pile and puts them on. Then he will run back to his team and the next person will go through the same routine. This is one of the games that the classes participated in during the Junior Olympics.

HOME COMING

Amber Haynes puts on her hippie shirt and gets into a groovy mood on Hippy Day.

Left: April Gronenthal helps Amy Greisen tie on her toga for "Greeky" spirit day.

King, Cory Hastreiter, and Queen, Angie Mausbach, love being royalty for the 1995 Homecoming dance.

Homecoming Royalty: Back Row: Todd Groteluschen, Tara Sjuts, Marshall Gronenthal, Jessie Pfeifer, Tina Groteluschen, Jeff Huettner, Cindy Mausbach, Mike Brundl; Front Row: Kendall Bender, Cory Hastreiter, Angie Mausbach, and Brittany Berry

Hearts Royalty is announced.

Music Brings Down The House

The Hearts dance and coronation was held at 8:30 on February 10th. The cafeteria was decorated with posters, hearts, and balloons. The colors were red, black, and gold.

Complete Music was the DJ for the night. Dancing the night away was no problem for anyone. There were the occasional shy guys that hid in the corner, hoping that no girls would notice them. Of course when loud music is in store, you will always find someone head banging and rocking the night away. Even the love birds got a few slow songs to remember the night by.

Announcements of the royalty for the night started off with the freshmen. Kayla LaBenz and Ryan Cattau received the honors. Next was the sophomore attendants, Sara Greisen and David Brandl. Junior attendants were Brenda Ternus and Sean Chaulk. The senior attendants were Jamie Bender and Travis Theilen. King and Queen for the dance were Jessica Pfeifer and Chris Greisen.

Jamie Bender and Travis Theilen dance the night away, making the most of their last Hearts dance.

Bottom Right: Jennifer Gronenthal and Shelley Fischer give to-die-for smiles to the boys sitting across the room.

Top Right: Jordon Castello and Cole Sjuts hold hands and watch the big kids dance.

The Hearts dance was really fun, especially when they played the music loud so I could head bang.

Brad Greisen

It was fun, but it would have been better if the DJ would have played more slow songs.

Amanda Long

HEARTS

arts Royalty, front row, left to right: Jordon Castello, Chris Greisen, Jessie Pfeifer, Cole Sputs; Back Row: Ryan Cattau, Kayla LaBenz, David Brandl, Sara Greisen, Brenda Ternus, Sean Chaulk, Jamie
nder and Travis Thielen.

David Brandl and Sara Greisen enjoy the theme song "When Love and Hate Collide".

Middle: Joe Pallas, Jeremiah Wagner, and Marshall Gronenthal, along with their dates, show how much fun they are having.

Left: The sophomore class poses for a picture after coronation.

STUDENT COUNCIL & NATIONAL HONOR SOCIETY

The road to success is under construction.

Not Always A Smooth Road

Again, the Student Council and the National Honor Society joined forces on numerous school and community activities and tried to make the school year fun and enjoyable.

The 1995-1996 student council officers were as follows: Tina Groteluschen, president; Angie Mausbach, vice president; Amy Greisen, treasurer; April Gronenthal, secretary; and Maria Brandl and Jessie Pfeifer were in charge of the birthday calendar.

Attending the 1995 NASC camp at Wayne State College were Tina Groteluschen, April Gronenthal, and Amy Greisen. Several members attended this year's state convention at Kearney High. The theme at the convention was "Under Construction." The road to success is always under construction and being a leader doesn't always mean that that road gets any smoother. While at the convention in Kearney, these members of the student council had the opportunity of listening to many motivational speakers. These speakers talked about how to be good leaders and how being good leaders causes others to follow in your footsteps.

"By going to the State Convention and gathering various ideas, maybe in the future our local council will become more involved with community service activities and become a stronger chapter," said Miss Kelly, student council advisor.

The student council sponsored the Hearts dance, Secret Santa, Homecoming/Spirit Week, and gave gifts to the teachers during American Education Week. They also sold flowers, ran the pop machine and concessions. The student council president, Tina Groteluschen, gave the speech at the Veteran's Day Program.

Working together with the Student Council was the National Honor Society which inducted it's new members during this year's Achievement Night. The new members of the society are as follows: Amy Greisen, Lisa Sliva, and Tina Groteluschen. The previous members of the National Honor Society are as follows: Angie Mausbach, president; Maria Brandl, vice president; and Mitch Robb, secretary/treasurer.

The NHS members helped with the recycling center, and served at the Firemen's Appreciation Banquet.

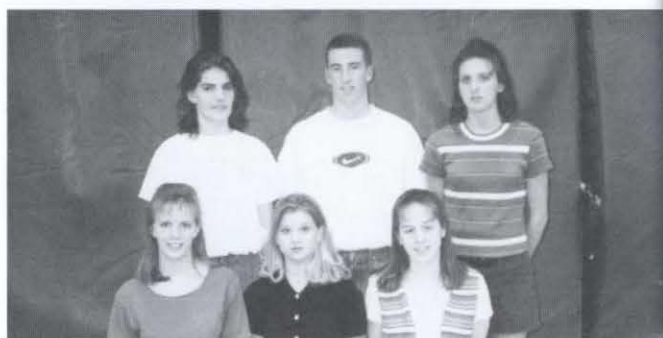

"Although our chapter is small, our members have made an effort to be involved in both school and community activities throughout the course of the school year," said Miss Bair, National Honor Society advisor.

Going to the state convention was a very fun and exciting experience in my life. I learned a lot from the motivational speakers.

-Shelley Fischer

Being the president of the student council as a junior in highschool was a great achievement. It was a lot of fun.

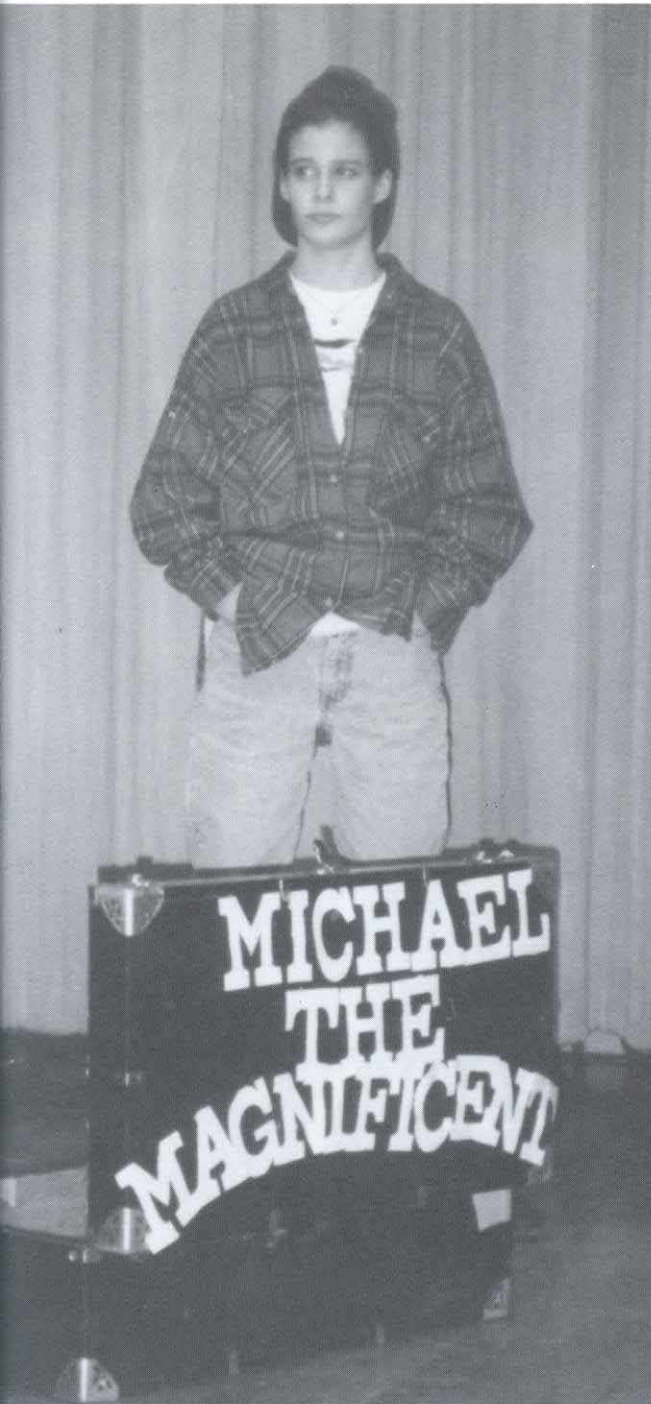

-Tina Groteluschen

Members of the Student Council who attended the state convention in Kearney are as follow from bottom row, Shelley Fischer, Melissa Langhorst, and Tina Groteluschen; back row, David Brandl, Aaron Korth, Jennifer Gronenthal, Brian Werner, and Luke Hornung.

Middle: Front row, Angie Mausbach, Lisa Sliva, Maria Brandl; back row, Tina Groteluschen, Mitch Robb, and Amy Greisen. These are the old and new NHS members.

Top: Mike Brandl and Josh Gronenthal slap hands in excitement at the ice cream social because they are so excited about the arrival of the yearbook.

It was neat because the teachers recognize you for doing something good.
-Amanda Long

It was a very fun experience and I enjoyed myself. I really like meeting new people from other schools.
-Susan Wemhoff

One-Act team receives superior at contest.

One-Act Was Surprised On "That Day"

The 1995-1996 speech team consisted of the following: Luke Hornung, Jasmine Gasper, Amber Haynes, Susan Wemhoff, Brenda Ternus, Terry Thompson and Angela Long. Two members of this year's speech team were in the Advanced Speech class taught by Mrs. Deb Brunswick. They were Terry Thompson, and Jasmine Gasper.

The members competed at the Battle Creek Invitational on February 24, Conference Speech Meet at Humphrey High School on March 4, and District Speech Meet in Dodge on March 16. At the Battle Creek Invitational, Jasmine Gasper received a third place in humorous prose. At the Conference Speech Meet at Humphrey High, Jasmine Gasper received a superior in humorous prose and a superior in informative speaking. At the District Speech Meet Jasmine received a superior in informative speaking and Luke Hornung received a superior in extemporaneous speaking.

The members of this year's one-act team, who performed "That Day" by Michael Scanlan, were as follows: Amanda Long, who took on the challenge of playing not only the lead part but a part that was that of a male, Angela Long, Luke Hornung, Susan Wemhoff, Melissa Langhorst, Carolyn Brandl, Brenda Ternus, Maria Brandl, and Mona Brandt. The one act team participated at the Conference One-Act competition at Humphrey St. Francis and the District One-Act competition at Clarkson. They received a superior rating at the district meet.

Top Left: "Michael The Magnificent," or Amanda Long as we know her, stands angrily during one of her main parts in the play, "That Day."

Middle Right: The members of this year's One-Act team from front row: Angela Long, Carolyn Brandl, and Maria Brandl; back row: Luke Hornung, Melissa Langhorst, Susan Wemhoff, Amanda Long, and Brenda Ternus. Not pictured is Ramona Brandt.

FFA reaches higher.

A Barnyard of Fun

FFA is an organization run by the students of our community for the students of our community. This organization does not solely run through the work of these students; it benefits from the support of the many agricultural related businesses in our community that donate time, money, and numerous supplies that we use over the course of the year.

This year's chapter participated in the Conference FFA contest that was held at Humphrey High School. FFA members also went to District FFA contest at Platte Community College and a portion of the chapter took part in the National and State Convention in Lincoln. At these conventions they participated in seminars and leadership building sessions.

The 1995-1996 officers were as follows: Bill Classen, president; Angela Long and Ryan Preister, vice presidents; Shelley Fischer, secretary; Luke Hornung, treasurer; David Brandl, reporter; Jennifer Gronenthal, sentinal; and Carolyn Brandl, parliamentarian.

National FFA Week was held from February 19-23. During this week the FFA took rolls and juice to the local businesses one day, held an ice cream social for the teachers one afternoon after school, and gave out candy bars during lunch. "I had a lot of fun putting on the children's barn yard even though it was a lot of work, but it went over very well," said the advisor of the FFA, Mr. Douglas Rumsey.

Over the summer the FFA put up hay and sold it for a fundraiser. Bill Classen cut and put up the hay for the FFA chapter.

The FFA members of the 1995-1996 school year are as follows: Front-left: Luke Hornung, Carolyn Brandl, Angela Long, Bill Classen, Ryan Preister, Marshall Gronenthal, David Brandl; Middle Row: Doug Veik, Shelley Fischer, Jennifer Gronenthal, Sara Greisen, Amber Haynes, Marie Davis, Kayla LaBenz, Amanda Long, Chad Hemmer, Terry Thompson; Back row: Ken Classen, Eric Hamling, Chad Pfeifer, Jeff Huettner, Todd Groteluschen, Mike Brandl, Jon Hellbusch, Tim Classen, Sponsor Doug Rumsey.

Middle: Jennifer Gronenthal decides to sleep during the contest because she is tired and bored.

FFA is fun because you get to go to Kansas City and meet new people. It was really a great week.
-Crystal Schwarz

Being an FFA officer has made me become a better leader and more responsible.
-Jennifer Gronenthal

Meghan Sjuts, a sixth grader, and her little sister Morgan enjoy, looking down at the ducks inside of the fence.

These two mother sheep watch over their young, like teachers watch over their students to make sure they do nothing wrong.

Top: Cody Ungles gets his long horns ready for the petting zoo in the Ag shop.

FCCLA

FCCLA symbolizes everything that people hope to accomplish in their future years.

-Laura Olson

FCCLA has helped me to meet new people and has helped me to achieve my goals.

-Brenda Ternus

FCCLA teaches students to survive in the future.

Still In the Same Old Place, Not the Same Old Name

Alyssa Brunswick gets her face painted by Michelle Gronenthal at the FCCLA Fun Fair.

At this year's annual Fun Fair Mr. Robb sits with tension as he waits for the bench to drop.

This year the Future Homemakers of America changed its known name of FHA to FCCLA, which stands for Family, Career, and Community Leaders of America. The main focus of FCCLA is still on the family, only the name has changed.

FCCLA was very active this year and held many fundraising activities such as selling Argus posters to the teachers, holding a concession stand, recycling cans from school, and holding the annual Fun Fair. Several members attended a PEER-ED workshop in Kearney.

There are many purposes of the FCCLA besides focusing on the family and family related issues. They also encourage self-improvement and development, and provide opportunities for students to learn family and community living and employment skills.

This year's officers were as follows: Brenda Ternus, president; Kara Wetjen, vice president; Wendy Borer, secretary; Carolyn Brandl, treasurer; and Angie Mausbach, historian and newsreporter.

The FCCLA hosted two speakers this year. Residents of the Transitional Living Centers (TLC) in Columbus came and spoke about how alcohol and drugs have messed up their lives. Mrs. Tasa also came and spoke about having a cancer diagnosis and later recovering. This year's chapter also conducted two trash pickups along highway 91.

This year's chapter competed in the SEARCH/STAR events where Brenda Ternus received the District Gold medal in the Job Interview applications category. Awarded to the chapter was the Silver Star Chapter award.

Attending this year's state convention on April 1-2 were Brenda Ternus, Melissa Langhorst, Wendy Borer, and Laura Olson.

This year commemorated FHA, now FCCLA's, twentieth year as a chapter at HHS.

Top Left: The 1995-1996 FCCLA members, front row: Maria Brandl, Angie Mausbach, Carolyn Brandl; Middle Row: Wendy Borer, Jasmine Gasper, Laura Olson, Brenda Ternus; Back Row: Mandy Ternus, Juanita Brandt, Melissa Langhorst, and Mona Brandt.

ATHLETIC BANQUET

Students are taught to push forward.

Athletes Receive Recognition

This year's Athletic Banquet was held on May 3, 1996 at 7:00 in the evening. This year's theme was "Behind Every Champion." This theme was picked because everyone on our team is a champion and behind all those champions is the support of parents, family, coaches, faculty, friends, and fans. As said in the back of the program at the Athletic Banquet, every champion in the world like our own students and team members has his or her own belief and trust in themselves to develop all their abilities to the utmost degree. The dinner consisted of ham, scalloped potatoes, corn, lettuce salad, and dessert. The dinner was sponsored by the Humphrey High Booster Club.

This year's guest speaker was Christy Johnson. She is a member of the UNL Volleyball Team and is considered the "Tommie Frazier of Volleyball." She has received many awards and honors including winning the 1995 National Championship. Her main point and focus was not to boast about her accomplishments but to tell of all of the struggles she had to go through to get this recognition. Her main point was that you can't just get good; you have to work hard at getting there and take the bad with the good.

The National Scholar/Athlete Award was given by an Army representative to Mitch Robb and Angie Mausbach for excelling in both the areas of academics and athletics. Mitch Robb also got the Marine Athletic Award for athletic excellence.

The next awards were given by Mr. Leroy Ditter, football and track coach. For football, Marshall Gronenthal lettered for his third year, Cory Hastreiter lettered for second year and was awarded the All Conference 2nd Team as a Linebacker and Honorable Mention All State Defensive Linebacker, Mitch Robb lettered for his fourth year and was awarded the All Conference Honorable Mention as a defensive back and the All Conference Honorable Mention quarterback, Travis Theilen lettered for his fourth year and was awarded the All Conference 1st Team Defensive Back. For juniors, Sean Chaulk lettered, Marvin Gronenthal lettered for his second year and was awarded the All Conference Honorable Mention Running Back, Jeff Huettner lettered for his second year, Blake Hellbusch lettered and was awarded the All Conference Honorable Mention team as a defensive back, Aaron Korth lettered, and Brian Werner lettered for his second year and was awarded the All Conference Honorable Mention team as an Offensive End. For sophomores, Todd Groteluschen lettered. For freshmen, Mike Brandl and Josh Gronenthal lettered. In the department of boys' track, for seniors, Chris Greisen and Travis Theilen lettered for their second year and Mitch Robb lettered for his third year. For juniors, Sean Chaulk lettered for his third year and Aaron Korth lettered for his second year. For sophomores, David Brandl and Brad Greisen lettered for their first time and Chad Pfeifer and Jason Gronenthal lettered for their second time. For freshmen, Mike Brandl, Ryan Cattau, Josh Gronenthal, and Chad Hemmer all lettered.

Following Mr. Ditter was Miss Julie Herink who recognized those who excelled in volleyball. For seniors Angie Mausbach lettered for her fourth year and Jessica Pfeifer lettered for her third year. For juniors, Amy Greisen lettered and was awarded the All Conference 1st team, April Gronenthal, Tina Groteluschen, and Lisa Sliva all lettered for their second year. For sophomores, Marie Davis, Shelley Fischer, Sara Greisen, Jen Gronenthal and Tara Sjuts lettered.

The next sport on the program was boys basketball with Mr. Troy Gloch handing out awards. For seniors, Chris Greisen lettered for his fourth year and was awarded All State Honorable Mention, All Conference First Team Columbus Telegram, All Area Division II Cornhusker vs Central 8 All Star Game. Mitch Robb lettered for his second year and was awarded All State Honorable Mention, All Conference Honorable Mention, Cornhusker vs Central 8 All Star Game. Travis Theilen lettered for his second year. For juniors, Blake Hellbusch, Aaron Korth, and Adam Kucera lettered. Brian Werner lettered for his second year. For sophomores, Brad Greisen lettered and Chad Pfeifer lettered for his second year and was awarded the Honorable Mention All Conference team.

Girls basketball followed with Mr. David Irwin giving out the awards. Jessica Pfeifer was this year's only senior and she lettered for her third year. For juniors, Amy Greisen lettered for third year and was awarded the All Conference Honorable Mention team, the Norfolk Daily News Honorable Mention team, and the Omaha World Herald Honorable Mention team. April Gronenthal lettered for her third year. Tina Groteluschen lettered for her third year and was awarded the Honorable Mention All Conference team. Lisa Sliva lettered for her third year and was awarded the All Conference Honorable Mention team. For sophomores, Shelley Fischer, Sara Greisen, Jennifer Gronenthal, and Amber Haynes lettered for their second year. Tara Sjuts lettered for her second year and was awarded the Omaha World Herald Honorable Mention team, the All Conference 1st team, Columbus Telegram 1st team, and the Norfolk Daily News Honorable Mention. For freshmen, Steph Irwin, Mikala LaBenz, and Cindy Mausbach all lettered.

Mr. Kevin Brandl gave out the last awards to the girls participating in girls' track. Angie Mausbach lettered for her fourth year. Amy Greisen lettered for her third year and was a 1995 State Qualifier in the 4x100 relay. Melissa Langhorst lettered for her second two year, and Lisa Sliva lettered for her third year and was a 1995 State Qualifier in the 4x100 relay. For sophomores, Shelley Fischer lettered for her second year and was a 1995 State Qualifier in the 4x100 relay. Sara Greisen and Tara Sjuts lettered for their second year. For freshmen, Steph Irwin, Mikala LaBenz, Amanda Long, and Cindy Mausbach lettered.

Mr. Steve Robb gave the close to the nights' festivities.

The 1996 Athletic Banquet speaker, Christy Johnson, is a member of the Husker Volleyball team.

ACHIEVEMENT NIGHT

Many make the honor roll this year.

Talents in Academics Noted

The 1995-1996 Achievement Night was held on Monday, May 6. The night started with a short welcome from Mr. Robb and moved right along to the award presentations starting with Pam Goering for vocal music.

Vocal Music awards were given to Lisa Sliva, Maria Brandl, Jason Gronenthal, Nick Wragge, April Gronenthal, Laura Olson, Crystal Schwartz and Shelley Fischer for participating in Honor Choirs. Maria Brandl received an award for being in the Kearney Honor Choir and she also received the National Choral Award. At the District Music Contest the Mixed Double Octet, made up of Lisa Sliva, Amy Greisen, Shelley Fischer, Mona Brandt, Crystal Schwartz, Laura Olson, Susan Wemhoff, Steph Irwin, Mandy Ternus, Jasmine Harper, Nick Wragge, Jason Gronenthal, and Brent Paprocki; and the Mixed Double sextet made up of Jason Gronenthal, Nick Wragge, Lisa Sliva, Amy Greisen, Shelley Fischer, April Gronenthal, Mona Brandt, Mandy Ternus, Laura Olson, Susan Wemhoff, Jenny Macken, and Steph Irwin received superiors. Overall vocal awards went to the following: Maria Brandl, Lisa Sliva, April Gronenthal, Amy Greisen, Laura Olson, Shelley Fischer, Mandy Ternus, Mona Brandt, Jason Gronenthal, Steph Irwin, and Jenny Macken. Junior High vocal awards went to Adrienne Werner, Adam Hemmer, Jeff Wessel, Alan Wessel, Paula Theilen, and Tara Greisen, Raina Tasa, and Melissa Brandl.

Instrumental awards, given by Amanda Bair, were awarded to the freshmen: Kayla LaBenz, Cindy Mausbach, Steph Irwin, Jenny Macken, Tasha Gronenthal, Jon Hellbusch, Mike Brandl, Joel Robb, Joey Preister, and Susan Wemhoff; sophomores: Mona Brandt, Jennifer Gronenthal, Laura Olson, Luke Hornung, Nick Wragge, Shelley Fischer, Mandy Ternus and, Brent Paprocki. Lisa Sliva, the only junior member of the band, lettered. The seniors who received awards were Jessie Pfeifer, Kara Wetjen, Angie Mausbach, Maria Brandl, Emily Gronenthal, Mitch Robb, Angela Long, and Carolyn Brandl.

Junior High instrumental music awards went to Melissa Brandl, Sara Gronenthal, Adrienne Werner, Philip Bachman, Adam Hemmer, Matt Wragge, Raina Tasa, James Brandt, Jesse Finkral, Jeff Wessel, John Stock, Charles Streblov, Alan Wessel, Bill Streblov, Nick Langhorst, Nathan Pfeifer, and Kyle Hoesacker.

The next presentation of the night was by the Marine Representative who gave out the Marine Academic Award to Angie Mausbach. Carolyn Brandl received the Marine Bulldog Award.

The awards were given in the fields of English and journalism by Deb Brunswick and Robert Heckathorn. Mrs. Brunswick gave awards to the following: Angie Mausbach for psychology, Shelley Fischer for English 10, Steph Irwin, Jenny Macken, and Susan Wemhoff for English 9, Angela Long for yearbook editor, and Tara Sjuts for newspaper editor. Mr. Heckathorn gave awards to Maria Brandl, Chris Greisen, Angela Long, Angie Mausbach, Joe Pallas, Mitch Robb, Travis Theilen, and Jeff Wright for his English class.

Troy Glock gave out awards in junior high social studies and English and junior American history. For American history awards went to Tina Groteluschen and Lisa Sliva. Social studies awards were given to Melissa Brandl, Raina Tasa, Tara Greisen, Paula Theilen, and Jeff Wessel and English awards were given to Tara Greisen, Paula Theilen, Raina Tasa, Adam Hemmer, and Melissa Brandl.

Leroy Ditter gave out awards in physical education to Mike Brandl, Ian Groteluschen, and Jon Hellbusch, Steph Irwin, Mikala LaBenz, and Susan Wemhoff.

Raymond Girard gave out this year's math awards to Joe Pallas for advanced math, Sean Chalk for Algebra II, David Brandl, Shelley Fischer, Jennifer Gronenthal, Luke Hornung,

Brent Paprocki, and Tara Sjuts for geometry, and Chad Hemmer, Steph Irwin, and Jenny Macken for Algebra I.

Dave Irwin gave out awards in the field of science to Sean Chalk, Amy Greisen, and Tina Groteluschen for advanced biology; David Brandl, Shelley Fischer, Jennifer Gronenthal, Luke Hornung, and Tara Sjuts for biology; Chad Hemmer, Steph Irwin, and Jenny Macken for physical science; and Philip Bachman, Melissa Brandl, Adam Hemmer, and Raina Tasa for life science. In seventh grade math, Mr. Irwin gave awards to Adam Hemmer and Raina Tasa.

Barbara Lovercheck gave this year's awards in science and eighth grade math. Awards went to Maria Brandl, Travis Theilen, and Angie Mausbach for physics. Tara Greisen, Paula Theilen, and Julie Veik received awards in earth science. Tara Greisen, Paula Theilen, and Amanda Long received awards in pre-algebra.

Elaine Bruening gave out awards in the field of Family and Consumer Science and German. Receiving awards in teen living were Raina Tasa, Melissa Brandl, Philip Bachman, and Adam Hemmer. Receiving the German award was Steph Irwin.

Julie Herink gave the following awards in the area of business: Lisa Sliva, accounting; Shelley Fischer, computer applications; David Brandl, Jennifer Gronenthal, and Sean Chalk, recordkeeping; and Steph Irwin, keyboarding.

Kevin Brandl handed out awards in industrial arts. Cindy Mausbach, Amanda Long, Josh Gronenthal, Joel Robb, Mike Brandl, Joey Preister, and Jon Hellbusch received awards in basic woods. In drafting, Cody Ungles and Travis Theilen received awards. Travis Theilen, David Brandl, Sean Chalk, and Joe Pallas got awards in advanced woods.

Steve Robb gave out awards for Spanish, for perfect attendance, merit and honor roll. In Spanish I, Luke Hornung, Tara Sjuts, and Jennifer Gronenthal received awards. In Spanish II, Shelley Fischer received an award. Receiving awards for Honorable Mention Honor Roll for Three Quarters were Philip Bachman, Lacey Sliva, John Stock, Jeff Wessel, Mikala LaBenz, Amy Greisen, April Gronenthal, Melissa Langhorst, Brenda Ternus, Carolyn Barandl, Jessica Pfeifer, Mitch Robb, and Angela Long. Receiving an award for making Honor Roll for three quarters were Melissa Brandl, Adam Hemmer, Raina Tasa, Tara Greisen, Paula Theilen, Julie Veik, Mike Brandl, Chad Hemmer, Steph Irwin, Jenny Macken, Cindy Mausbach, Joey Preister, Susan Wemhoff, David Brandl, Shelley Fischer, Jennifer Gronenthal, Luke Hornung, Tara Sjuts, Sean Chalk, Tina Groteluschen, Lisa Sliva, Maria Brandl, Angie Mausbach, Joe Pallas, and Travis Theilen. Merit Honor Roll awards went to Philip Bachman, Melissa Brandl, Adam Hemmer, Raina Tasa, Tara Greisen, Crystal Harper, Lacey Sliva, Paula Theilen, Jeff Wessel, Steph Irwin, Jenny Macken, David Brandl, Shelley Fischer, Jennifer Gronenthal, Tara Sjuts, Amy Greisen, Melissa Langhorst, and Lisa Sliva. Receiving perfect attendance this year were Philip Bachman, Charles Streblov, Paula Theilen, Jeff Wessel, Mikala LaBenz, and Cindy Mausbach. Mr. Robb also gave an award to Micah Groteluschen, Shaun Pfeifer, Jarrod Kucera, Josh Haynes, and Andy Mausbach for helping out with the recycling bins.

The last awards of the night were given out by Barb Kelly. Receiving an award in American government was Angie Mausbach. David Brandl, Shelley Fischer, Jennifer Gronenthal, and Luke Hornung received awards in geography. This year's President's Academic Award went to Travis Theilen, Angie Mausbach, Mitch Robb, and Paula Theilen. Miss Kelly also gave out the Nebraska Vocational Council Award which went to Carolyn Brandl.

Carolyn Brandl eagerly awaits the presentation of the Marine Bulldog Award that she is about to receive at the 1995-96 Achievement night.

JUNIOR & SENIOR PROM

Gronenthal wins twice in grand drawing.

*"When I grow up,
I'm going to be...."*

"Bed of Roses" was the theme for the 1996 Junior/Senior prom. It was held Saturday, April 13, in the Humphrey High School gym. The students and their dates arrived at the school for their picture picture moments taken by Michael's Photography. The juniors took their couple picture first at 6:00 p.m. and then the seniors followed at 6:30 p.m. with both group pictures ending the session.

As dates of the students, staff, board members and their spouses sat around their tables waiting patiently to be served, Lisa Sliva, junior class president, said a welcome; and Mitch Robb, senior class president, thanked the juniors, sponsors and everyone for showing up. Mr. Heckathorn said grace and then the food began to be served.

The sophomore servers were Laura Olson, David Brandl, Sara Greisen, Brad Greisen, Jennifer Gronenthal, Luke Hornung, Shelley Fischer, Amber Haynes, Brent Paprocki, and Tara Sjuts. The dinner consisted of chicken fried steak, corn, mashed potatoes and gravy, buns, punch, and cream puff.

After the dinner Lisa Sliva, April Gronenthal and Amy Greisen read the senior wills. When all the wills were read and the podium was moved, the sophomores performed their impression of the senior class in kindergarten, "When I grow up...."

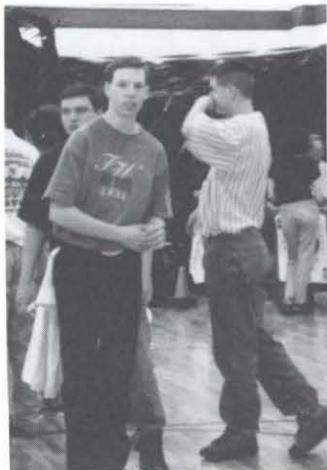

The dance started at about 8:30 p.m. with Dynamic Light and Sound. At about 11:45 p.m. everyone was ushered into the hall until midnight. During the fifteen minute wait, the booster club made some adjustments on their opening table and the theme, "A Distant Dream". As the night was soon becoming morning, the post prom festivities began with non-alcohol drinks, pop, chips, and popcorn. Students and their dates were able to sign their names and guess on different prizes. Karaoke provided music for listeners and contests groups. Black jacks tables, plinko, golf, bowling, basketball, and toilet paper/toilet bowl games challenged the individuals. The booster club also provided different team games that included using skis, a race with a golf ball on top of a member's head, the team member who could blow the bubbles first and give their gloves to the next member, and ride a skate board with a shovel to carry a potato.

As the morning wound down to about 3:00 a.m., you could see yawns from some people, and it was a sign to start the class drawings. Everyone, including dates, got at least one prize from the drawings. Breakfast was served at about 4:15 a.m. with eggs, hash browns, and french toast sticks. At this time we found out the lucky junior who was to receive the 13 inch color TV was Melissa Langhorst, but what surprised everyone in the senior class was to hear that Emily Gronenthal won the 19 inch color TV for the senior class drawing because last year Emily had won the junior class prize. After breakfast everyone gathered their boxes of pop, food, and items that they won to take home.

Far right: Lisa Sliva makes a face while saying, "Ooohhh... I won a Husker shirt!"

Middle: Waiting for the dinner is just the beginning of the fun for Maria Brandl and Jamie Bender.

Emily Gronenthal, Juanita Brandt, and Carolyn Brandl pretend to be at a fancy restaurant while waiting patiently to be served.

Cody Ungles feels he'll have good luck because he's first in line at the toilet paper throw.

JUNIOR & SENIOR PROM

My first prom was more exciting because I never knew what to expect. In a way it was like last year; I got the grand drawing both years. -Emily Gronenthal

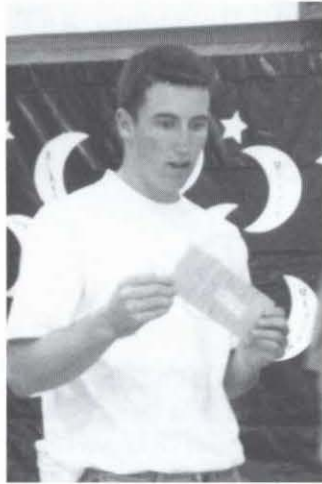

For all the planning that our class did, it was worth it. The dance was good even when we had to get the boys from playing cards. -April Gronenthal

ory Hastreiter looks down at the golf ball before delivering his hole in one.

Brenda Ternus walks away happily with fifty bucks cash from the drawing table.

Mitch Robb is dazed and confused with his prize that he just won at Plinko.

Left top: Aaron Korth is not affected by the post prom activities like Maria Brandl, who can't go on anymore.

Middle left: Marvin Gronenthal uses his program to entertain himself before the skit is performed.

Jessie Pfeifer and her boyfriend rest in front of the class prizes that are on display. They are hoping to get the Nebraska Cooler.

Jaunita Brandt helps Angie Mausbach decide on what gift to take from one of the post prom games.

ACADEMIC CONTEST

Students take achievements to higher level.

Students Use Knowledge

This year the students of Humphrey High School used their knowledge by competing at two Academic Contests, the Conference Academic Contest at Lindsay Holy Family, and the NCAA Academic Contest at Northeast Community College.

At the Conference Academic Contest four people were able to place. Shelley Fischer placed first in Spanish II, Joey Preister placed first in keyboarding, Lisa Sliva placed third in accounting, and Joe Pallas placed IV in Math IV. At the NCAA Academic Contest in Norfolk, four people also placed. Jennifer Gronenthal placed first in library usage, Joe Pallas placed third in trigonometry, Jeff Huettner placed third in welding, and Steph Irwin placed second in Algebra.

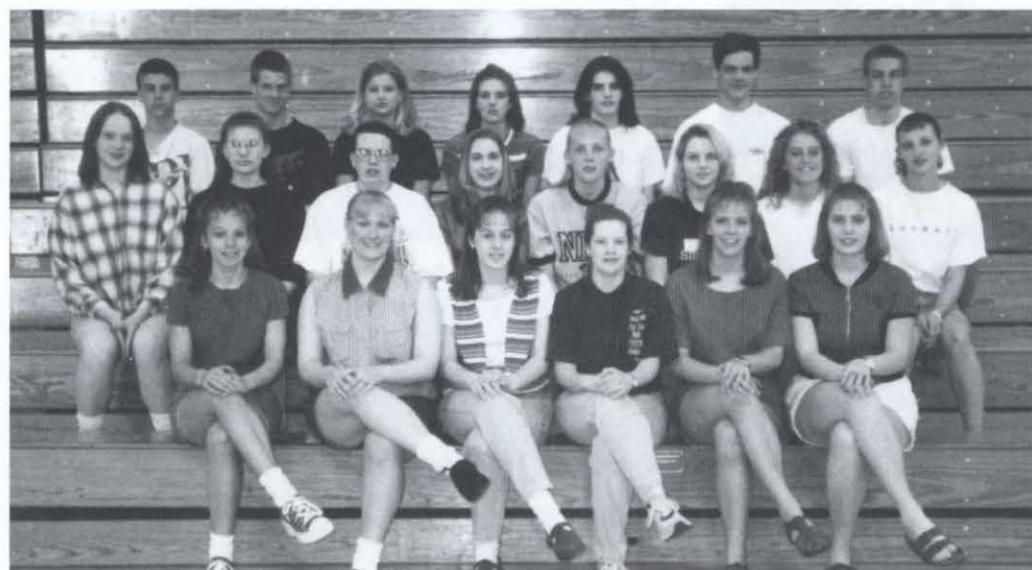

Participating in an event but not placing were Amy Greisen, expository writing; Luke Hornung, Spanish I; Tara Sjuts, Amber Haynes, Susan Wemhoff, and Angela Long, Creative Problem Solving; Joe Pallas, Angie Mausbach, Tina Groteluschen, and Shelley Fischer, Quiz Bowl; Amanda Ternus, English Usage I; Maria Brandl, English Usage II; Laura Olson, Creative Writing; Steph Irwin, Math I; David Brandl, Math II; Sean Chaulk, Math IV; Jenny Macken, Science I; Jennifer Gronenthal, Science II; Jessie Pfeifer, Science III; Angie Mausbach, Science IV; and Tina Groteluschen, American History.

I found the academic contest to be very informative and kind of exciting and I had a little fun too.
-Joey Preister

I learned a lot by being in the vocabulary contest at the academic contest. I found out that I really don't know as much as I thought.

Amanda Ternus

Top: Students competing in Conference Academic Contest at Lindsay. Front row, Shelley Fischer, Susan Wemhoff, Maria Brandl, Angela Long, Angie Mausbach, and Jessie Pfeifer. Middle row, Amanda Ternus, Laura Olson, Luke Hornung, Jennifer Gronenthal, Tara Sjuts, Amber Haynes, Steph Irwin, and Jenny Macken. Back Row, Joey Preister, David Brandl, Lisa Sliva, Amy Greisen, Tina Groteluschen, Joe Pallas, and Sean Chaulk.

Left: Students competing in NCAA Academic Contest in Norfolk. First Row, Lisa Sliva, Shelley Fischer, Amy Greisen, Tina Groteluschen, Maria Brandl, Angie Mausbach, and Jessie Pfeifer. Middle Row, Amanda Ternus, Luke Hornung, Jennifer Gronenthal, Steph Irwin, Jenny Macken, and Jeff Huettner. Back Row, Joey Preister, David Brandl, Travis Theilen, Cory Hastreiter, Joe Pallas, Sean Chaulk, and Mitch Robb.

This years staff liked to have things their way.

We Like Things Our Way

As a whole we decided to make this year's theme of the 1995-1996 yearbook, "Our Way". You could say that everyone likes to have things their own way but not everyone can have their own way at the same time. Angela Long was yearbook editor and Tara Sjuts was the newspaper editor. Luke Hornung, Amber Haynes, and Preston Fox were also members of this year's team.

This year's team was challenged by Mrs. Brunswick, the advisor, to sell more than the usual 40 advertisements to help support the yearbook. She said if we sold 45, she would take us out for pizza. Well, we did succeed by selling a total of 56 and Mrs. Brunswick was a little sorry she had challenged us because she had a hard time getting the ads to fit on the pages provided. The pizza was good though.

The yearbook was published by Jostens and Jay Anderson was our representative. For the yearbook we used the style Joanna italic size 10 for the body copy, size 8 for the picture captions, and size 18 for subheads. For main headlines we used Pepita size 36, and for quotes we used Pepita size 12, justified and bold. The book was printed on Ven Gloss paper. The cover was designed by Angela Long.

Being in journalism was very stressful because of trying to make deadlines but overall, it was a great experience and it made you feel good about yourself because you made a book the whole school will see.

-Luke Hornung

One of the best times in journalism this year was when we reached our goal of selling more ads and we got to go for pizza on Mrs. Brunswick. Journalism has made me be a more responsible person.

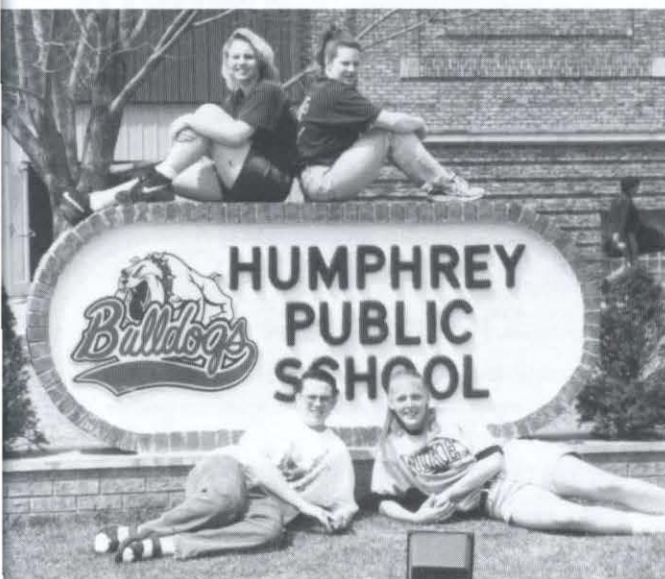

-Amber Haynes

Top: Preston Fox holds Amber Haynes hostage while the yearbook editor, Angela Long, holds a gun to her as a death threat. "Why don't you have your pages for the yearbook finished," says Angela.

Middle Right: Angela Long works furiously so that Amber never has the opportunity of holding a gun to her head. She isn't a bit nervous.

Middle Left: Luke Hornung bites his fingernails because he sees Mrs. Brunswick coming and sometimes that doesn't mean good news. Your pates had better be done!

Bottom Left: This year's yearbook staff decide to take their group photo on the front lawn on top of the sign. They are, seated, Luke Hornung and Tara Sjuts. Sitting on top of the sign are Amber Haynes and Angela Long.

CURRENT EVENTS

Sports

- *Magic Johnson came back to the NBA after retiring because he tested positive for HIV.
- *The Nebraska volleyball team won the National Championship.
- *The Nebraska football team won their second straight National Championship.
- *Monica Seles returned to tennis after missing two years for being stabbed. The 21-year old got to the finals of the U.S. Open.
- *Former football star O.J. Simpson was found innocent of the murders of Nicole Brown Simpson and Ronald Goldman.
- *The 1996 Olympics were held in Atlanta, Georgia.
- *The Dallas Cowboys beat the Pittsburgh Steelers, 27-17, in Superbowl XXX.
- *Ken Ripken Jr. broke Lou Gehrig's record of 2,130 consecutive games played.
- *Dennis Rodman was traded by the San Antonio Spurs to the Chicago Bulls.
- *Mike Tyson got out of prison after serving three years for rape.
- *Eddie George from Ohio State won the Heisman Trophy.
- *Shaquille O'Neal missed the first 22 games with the Orlando Magic with a thumb injury.
- *Packer quarterback Brett Favre was picked as *Sports Illustrated's* Most Valuable Player.
- *Patriot running back Curtis Martin was picked as *Sports Illustrated's* Rookie of the Year.
- *Cal Ripken Jr. was the Sportsman of the Year.
- *Dale Jarret won the Daytona 500.

People

- *The Beatles, Paul, George and Ringo, held a reunion and for the first time since 1970, they made new music.
- *The band, Smashing Pumpkins, has soared to the top of the charts and has taken listeners on a journey, not a joyride.
- *Michael Jackson and Lisa Marie Presley got a divorce after being married less than a year.
- *Two French pilots were released by Bosnian Serb military commander General Ratko Mladic after being shot down during a NATO bombing on August 30.
- *Chris Reeves was completely paralyzed after falling off his horse.
- **Toy Story* was the first movie to ever be totally animated by computer.
- *Newt Gingrich was the 1995 Man of the Year.
- *Surgeons successfully transplanted hearts from pigs into baboons. The next step, transplanting pig hearts into humans.
- *The European Union announced that they will have a single currency called the euro beginning January 1, 1999.
- *Shannon Faulkner dropped out of the CITADEL after a week.
- *Cave drawings in France were discovered from man's earliest days.
- *Rose Kennedy turned 104 this year.
- *George Burns turned 100 this year, but later died.
- *Scientists successfully grew a human ear onto the back of a mouse. This test was aimed at replacing human body parts.

Across the Nation

- *About twenty-nine Canadian wolves were set free in the United States in a hope to restore these predators to their historical range.
- *President Clinton sent 20,000 troops to Bosnia for a keep peacing mission.

- *Scientists found a new drug that works with AZT for the treatment of AIDS. The drug will not work for everybody, though.
- *First Lady Hillary Rodham Clinton was on trial for her involvement in the Whitewater case.
- *Mike Synar, a former U.S. Representative, died at the age of 45 in Tulsa, Oklahoma from brain cancer.
- *Arvid Fredborg, the author of *Steel Wall* died at the age of 80.
- *A new life form was found, the Symbion pandora, in the mouth of a Norway lobster. It is so unusual, they created a new phylum for it, the Cycliophora.
- *After six years of space travel, Galileo finally reached its destination, Jupiter.
- *An FDA advisory panel said Olestra, a fat substitute, is probably safe to eat in snacks.
- *Astronomers reported the discovery of two planets orbiting stars similar to the sun. This discovery may prove the theory right that we are not alone.

Deaths of Famous People

- *Darren Robinson, one of the Fat Boys, died at the age of 28 from a cardiac arrest.
- *James Meade, a Nobel prize winner, died at the age of 88.
- *Mickey Mantle, former famous baseball player, died at the age of 63.
- *Orville Redenbacher, famous for his popcorn, died at the age of 88.
- *Israeli Prime Minister Yitzhak Rabin was assassinated by Yigal Amir.
- *Janet Reno, the U.S. Attorney General, died at the age of 57 from Parkinson's disease.
- *Barbara Jordan, a ground-breaking Congresswoman, died at the age of 59.
- *Francois Mitterrand, former President of France, died at the age of 79.
- *Arthur Rudolph died at the age of 89.
- *Minnie Pearl, an famous actress, died at the age of 83.
- *Sergei Grinkov, 28, died from coronary heart disease. His partner and wife, Ekaterina Gordeeva had a daughter together and had won many awards skating.

Disasters of the World

- *In Zaire an Ebola-like virus broke out and killed at least 315 people.
- *A Russian built cargo plane crashed into a crowded market in Kinshasa, Zaire killing 350 people and injuring nearly 500.
- *A bomb-laden van exploded in front of an American-run-military-training center in Riyadh, Saudia Arabia killing six people and injuring 60.
- *In Rwanda, 500,000 people were killed in 1994 by members of the Hutu majority. It has just come into the light for the rest of the world to see.

GRADUATION

96

GRADUATION

It is now time to let go.

Change Has Come

The beginning of a new life has finally come for the seniors of Humphrey High. At two o'clock on May 12, 1996, 17 young adults broke away from a life with their mothers and fathers, entering a life filled with many hardships and wonders.

As the hours went by, the reality of life changing drew nearer. Angie Mausbach, Valedictorian talked about the uniqueness of their class and recited a poem. Maria Brandl, Salutatorian, also told how special the class was and about how close they were. She sang the song "Friends". This year the seniors played a film that was cast on the wall, unlike other years when a slide show was presented.

The scholarships were then presented by Miss Kelly. Ritta Huettner presented the Booster Club awards. Maria Brandl received the \$250 Humphrey High Boosters Scholarship, the \$200 Humphrey Education Scholarship, the Central Community College Educational Achievement scholarship of \$600, and a Central Community College Music scholarship. Carolyn Brandl was also given the Humphrey High Booster scholarship of \$250. Mitchell Robb was rewarded with the Humphrey Education scholarship of \$200, and the Schimmelpfennig scholarship which was \$2000. Angie Mausbach was honored with the LaBenz scholarship of \$2000, the Loup Power District scholarship to CCC for full tuition, and the Institute of Management Accounts scholarship of \$300. Chris Greisen was presented the Humphrey Community Club scholarship of \$600. The Platte County Agricultural Society scholarship to CCC went to Jessica Pfeifer for \$1200. Travis Theilen was awarded the Platte County Agricultural Society scholarship of \$1000, and the UNK Chancellors scholarship of \$1000 for four years. Kara Wetjen received half tuition for four semesters from Northeast Community College Board of Governors. Rounding out the last of the scholarships was Angela Long who will be joining the Navy and will receive over \$14,000 in GI Bill benefits.

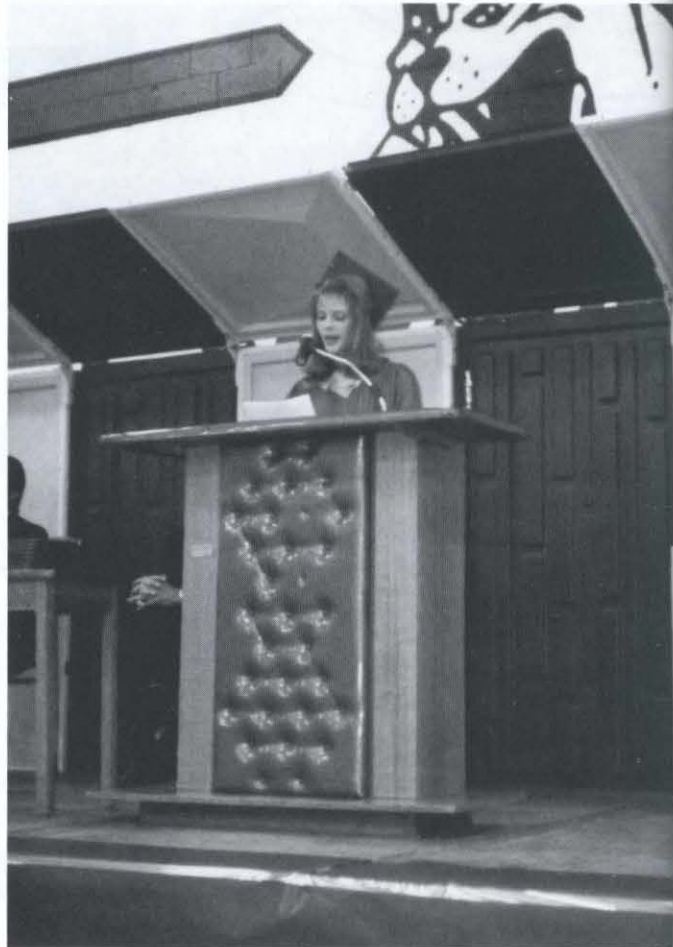

Mr. Heckathorn introduced the class and gave a short biography about each one. He commented about Cody Ungles not holding any records, except for the person with the longest walk. He also commented on how good the video was, and how he thought he may just have to watch it all afternoon.

Then it came time for the presentation of diplomas, given out by the school board president Harry Greisen. So now it became very clear that the time had finally come. Flowers were then presented to the parents while the song "The Rose" was played. The seniors were then escorted out by the junior ushers Lisa Sliva, Sean Chaulk, Tina Groteluschen, and Adam Kucera.

Another graduation had come to a close, but not without a few more tears and hugs to guide them on their way. They left with us many memories and a motto not to be forgotten. "Not the victory but the action; not the goal but the game; in the deed the glory."

Junior ushers, Lisa Sliva and Sean Chaulk, lead the seniors back down the aisle after graduation.

Angie Mausbach, Valedictorian, gives her input about the future and the past times.

GRADUATION

I'm most looking forward to graduating from college, making lots of money and getting married, and having lots of little Cory's

Cory Hastreiter

I can't wait to meet new friends and be independent.

Mitch Robb

Getting a job and being independent will be great.

Angie Mausbach

I'm definitely looking forward to being out on my own, and not having to go to class all the time.

Maria Brandt

Above: Mr. Heckathorn tells how much he enjoyed the senior video.

Top left: Mitch Robb gives the invocation.

Middle: Joe Pallas stares out into the crowd as if he was in a daydream.

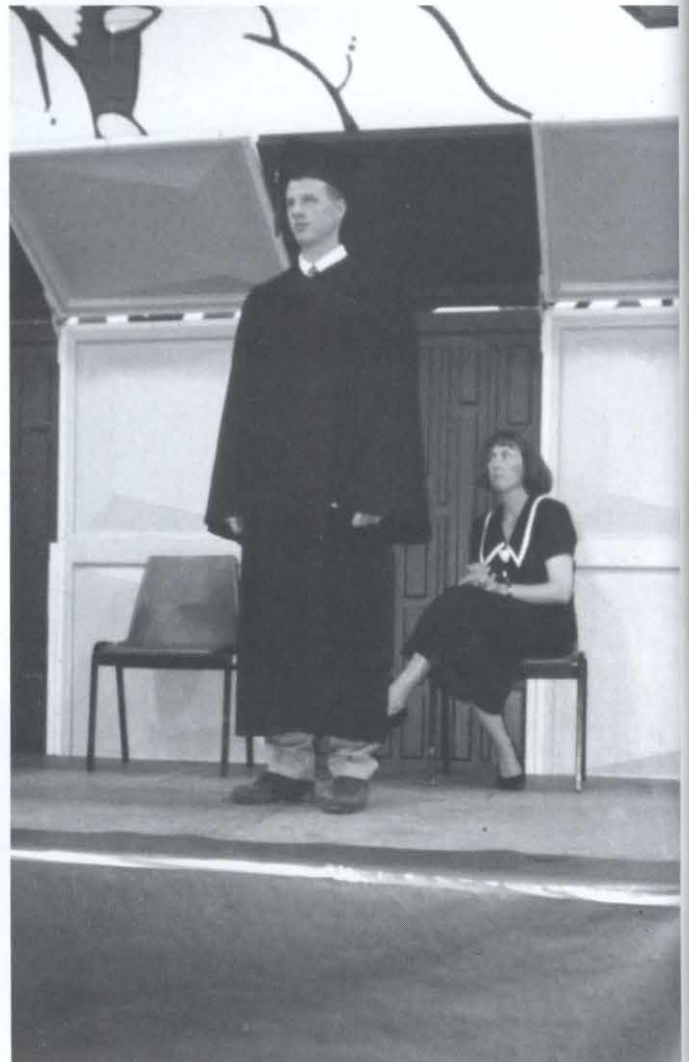

Everyone waits in line to say congratulations to the new graduates.

GRADUATION

Right: The senior class listens as the final moments seem to drag on.

Bottom: Chris Griesen is secretly dreaming of how he is going to spend all the money he gets for graduating.

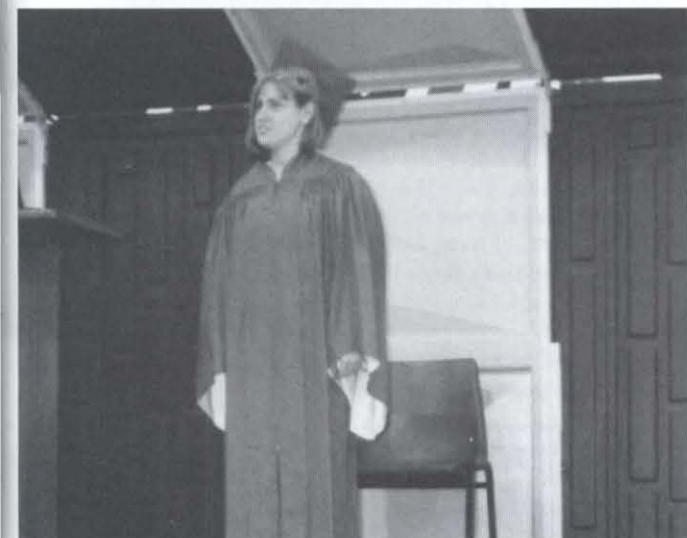

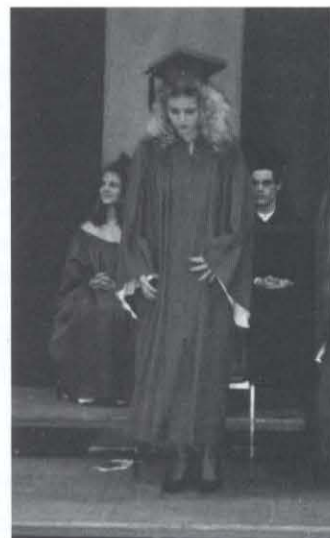

Miss Kelly hands Angela Long her scholarship.

Maria Brandl sings the song "Friends" during graduation.

The seniors embrace after finally making it to the end of the day.

GRADUATION

Cody Ungles looks straight ahead into the future.

Left: Carolyn Brandl stands up proudly realizing that she made it.

Top Right: Jamie Bender looks down at the ground wondering if she can really do it.

Middle Left: Tina Groteluschen and Adam Kucera parade themselves down the aisle.

Top Middle: Kara Wetjen smiles as Miss Kelly sits back and relaxes.

SENIOR WILLS

I, Angie Mausbach, of sound mind, will the following:

- to Jessie Pfeifer, a guy named Joe, another "annual" slumber party, an ocean, a weekend in Lincoln to shop, and a strawberry shake. Thanks for being my "bestest bud".
- to Angela Long, a kid, another walk, and a trip around the world.
- to Carolyn Brandl, a cat farm, and a life size troll.
- to Maria Brandl, a gentleman and a later curfew than your brother.
- to Chris Greisen, a weekend out during basketball, a showgirl, and a night with me and Jessica.
- to Mitch Robb, another Honor band, a lawn mower, and a night with the boys.
- to Travis Theilen, a hunting car, a new toy, a happy day.
- to Jeff Wright, a bookcover, a car, a carmel apple sucker.
- to Cory Hastreiter, a nickname besides "My Pudge" and an awesome person to call you it, a boat for the fields, a plate of rice, a new punching bag, and a chance to use up your track hours.
- to Lisa Sliva, driving lessons, a little luck, and a date night.
- to April Gronenthal, a muffler, and a trip to Lincoln.
- to Aaron Korh, a jeep, and a year of hunting.

I, Jeff Wright, of sound mind, will the following:

- to Cory Hastreiter, a job.
- to Cody Ungles, a new hat.
- to Travis Theilen, a fire extinguisher.
- to Chris Greisen, facial hair.

I, Angela Long, of sound mind, will the following:

- to Emily Gronenthal, the ability to wonder why are the toilets flushing by themselves.
- to Carolyn Brandl, to actually go see the San Francisco Beefcakes.
- to Juanita Brandt, all the KFC biscuits, and to remember sixth grade.
- to Jessie Pfeifer, to go somewhere without people helping you in drafting, to be seen as the pro basketball player that you are, the ability to say, "What a cowawinckadink.", and a date with your guy.
- to Kara Wetjen, another great week in Minnesota, and all the ice cream drumsticks you want, as long as I'm not around.
- to Brenda Ternus, to be able to get off of work and have some fun with the girls, and to look up the boy from Stanton, to turn that frown upside down, and the eight minute song telling us he can't pay the rent and the chorus sings, "One Burden, One Scratch, and One Bear."
- to Amanda Long, the ability to remember what others say, to help mom, to pass on the green eyeball's story, and to pay me my \$17.00 (2/6/96)! Good Luck Man, and Thanks!
- to Mitch Robb, the ability to fly off the merry-go-round when I do.
- to Chris Greisen, the ability to do gymnastics on the swinging rod.
- to Joe Pallas, your very own personal Einstein library.
- to Angie Mausbach, another great long walk talking about our past, future and dreams.

I, Jessica Pfeifer, of sound mind, will the following:

- to Angie Mausbach, my bestest friend in the whole world, all the cows you can own, and all the wierd pops to drink. I Love Ya!
- to Travis Theilen, a day where you don't get mad at me.
- to Chris Greisen, never forget we are always secret buddies.
- to Jamie Bender, a day where the whole school does not know her life problems.
- to Mitch Robb, the ability to go out on a weekened with the guys.
- to Angela Long, a normal lunch with a decent lunchbox.
- to Cory Hastreiter, the ability to keep a car in good condition.

-to Melissa Langhorst, a different wire, a gopher, the definition of stop, and a star gazing night with your man.

- to Amy Greisen, a perfect guy, a chance to be a psychotic woman, and a New Years Eve Party.
- to Michael "Mikey" Heesacker, a new best cousin.
- to Brian Werner and Marvin Gronenthal, Cindy Crawford, a fantasy and hug.
- to the junior guys, plenty of parties and women for your weekends.
- to Jennifer Gronenthal, a Korus family.
- to Sara Greisen, a torch, a flame, and a fire.
- to Shelley Fischer, (my little Shelster), a romantic walk along a river. Thanks for all discussions concerning men!
- to the sophomore girls, a very interesting and male-filled high school life.
- to Steph Irwin and Kayla LaBenz, a better attitude about life and a trip to Lindsay to be cool.
- to Miss Bair, a Diet Coke machine, the man of your dreams, and a bigger office.
- to the "Madmice," many more divine activities and a big broom for the moose. I Love You All!
- to all the senior girls, thanks for all the memories.
- to the whole class of 1996, good luck in the future; it's been nice knowing you!
- to Marshall Gronenthal, 350.
- to Jessica Pfeifer and Angie Mausbach, some men.
- to Juanita Brandt, a new laugh.
- to the rest of the class of '96, the ability to have a good time.
- to the freshmen and sophomores, the ability to party like the seniors.

-to Maria Brandl, the ability to be healthy, your country man, and to join in when I'm obnoxious.

- to Jamie Bender, a portable mirror, hair supplies, and the ability to get stuck in the school tires.
- to Jasmine Gasper, no more secret fantasies about Mr. D. K.
- to Tina Groteluschen, the ability to worry about yourself and not others.
- to Preston Fox, to get into the Navy Seals and not to be the "ditch digger".
- to Mr. Rumsey, FFA officers who take charge.
- to Tasha Gronenthal, to take Amanda out on the weekend.
- to Janelle Krings, the ability to have patience and not to start fights.
- to Mr. Dean Korus, to have a great student like me in the years to come.
- to Mr. Robert Heckathorn, thank you stories in College Prep and what I learned in your class.
- to all those who read this, including the foreigners, thanks for the friendships and memories.
- to the people in sixth hour art, the ability not to have PMS mood swings.
- to the journalism class, the ability to get along and beat the dead lines.
- to the freshmen class, the ability to respect everyone, including elders, and not to complain, especially to the class of '96.
- to all those have known me, good luck in your future, make goals, achieve them, plan them out, and determination will help you achieve you goals.

- to Maria Brandl, the ability to stay healthy for more than a week.
- to Tina Groteluschen, to worry about your own problems, instead of others.
- to Chad Pfeifer, the ability not to complain so much about everything.
- to Sara Greisen, Shelley Fischer, and Jennifer Gronenthal, I Love Ya Man!
- to Steph Irwin and Kayla LaBenz, a life and an attitude.
- to the Madmice, to stay away from those Mice in possession.
- to my parents, the ability to look at Christmas lights without having the car quit on us. Thanks for all the memories. I Love You!
- to all the underclassmen, respect for all the seniors.

CLASS of 1996

SENIOR WILLS

I, Carolyn Brandl, of sound mind, will the following:

- to Angela Long, all of the FFA memories.
- to Kara Wetjen, Maria Brandl, Angie Mausbach, and Juanita Brandt, FCCLA memories.
- to Emily Gronenthal, a great car.
- to Jamie Bender, a brush.

I, Chris Greisen, of sound mind, will the following:

- to Travis Theilen, the ability not to cry when someone yells at you.
- to Mitch Robb, a weekend with the boys.
- to Cody Ungles, a hat for them cold days when you're not home with your horses.
- to Jessica Pfeifer, to find the right man.
- to Cory Hastreiter, the ability not to damage your car.

I, Emily Gronenthal, of sound mind, will the following:

- to Angela Long, the ability to wonder why those toilets are flushing by themselves.
- to Kara Wetjen, a new attitude in Mrs. Bruening's class.
- to Juanita Brandt, a soft pillow so she can sleep better in class.

I, Travis Theilen, of sound mind, will the following:

- to Cody Ungles, a hat to keep your head warm when you're not at home.
- to Jessica Pfeifer, the ability to keep a man.
- to Cory Hastreiter, a bottomless beverage container and more extra credit points from Miss Kelly.
- to Jamie Bender, the ability to be dateless every once in a while.

I, Cory Hastreiter, of sound mind, will the following:

- to Cody Ungles, a hat to keep your head warm when your not around Dustbar.
- to Chris Greisen, miracle grow for your face.
- to Lisa Sliva, the ability not to get sick on a date.
- to Sean Chalk, padded walls.
- to Jennifer Gronenthal, the ability to open your mouth when you smile.
- to Mr. Glock, a dedicated basketball team.
- to Mitch Robb, a night with the guys.

I, Maria Brandl, of sound mind, will the following:

- to Angela Long, all of our memories, and thanks for being a great friend!
- to Brenda Ternus, all our memories, "43 county", the ability to get off of work to go out with the girls and all of our times in Norfolk & Columbus.
- to Angie Mausbach, more romantic walks with Jesse.
- to Jessie Pfeifer, a steady boyfriend.
- to Kara Wetjen, a brand new car.
- to Jamie Bender, a lifetime supply of make-up and hair stuff and the ability to stay away from Marshall.
- to Carolyn Brandl, a lifetime supply of Trident.
- to Emily Gronenthal, a new car.

I, Cody Ungles, of sound mind, will the following:

- to Cory Hastreiter, a real set of pipes.
- to Chris Greisen, my American Express card.
- to Travis Theilen, a fire extinguisher.

-to Jessica Pfeifer, a basketball.

- to the senior girls, rich, good looking men.
- to the senior guys, a new attitude.
- to the school, cheerleaders for all the games.
- to the school band and Miss. Bair, a new person to play the Frenchhorn.
- to Amy Greisen, the ability to hold your can the right way.
- to Blake Hellbusch and Jeff Huettner, the ability to control your conscience.
- to Brian Werner, the ability to be good before you think you're good.
- to Adam Kucera, the ability to be an individual and realize what everyone else does is not cool.
- to the freshmen boys, the ability to listen to your seniors the first time they tell you to do something!
- to Jamie Bender, a full sized mirror to see herself in, and a steady guy who will treat her right.
- to Carolyn Brandl, all the trolls in the world.
- to all the seniors, a long and happy life!!

-to Angie Mausbach, duct tape for your hair.

- to Chris Greisen, the ability to grow some hair.
- to Mitch Robb, a night out.
- to Marshall Gronenthal, a freezer full of snow.
- to Blake Hellbusch and Jeff Huettner, a 24-hour babysitter.
- to Steve Robb, a life.
- to Barb Kelly, one good week.
- to Troy Glock, some leaders.
- to Travis Theilen, a fire extinguisher.
- to Jessica Pfeifer, Papa Smurf.
- to Mike Heesacker, a Mopar with nads.
- to April Gronenthal, the ability to run when you see lights, preferably blue & red.
- to Amy Greisen, the ability to know when a can is right-side up.
- to Jason Gronenthal, the ability to have better senior leadership.
- to Brent Paprocki, Miss Piggy.
- to the class of 1996, the best of luck in the future.

-to Juanita Brandt, a locker not next to mine.

- to Laura Olsen, our times in Norfolk & Columbus.
- to Susan Wernhoff, everything of Alan Jackson, a cowboy and our times in Norfolk & Columbus.
- to Jasmine Gasper, the ability to shut-up in art class.
- to Steph Irvin and Mikayla LaBenz, a new attitude and the ability to respect your elders.
- to Nick Wragge, thanks for being a great friend.
- to Melissa Langhorst and Tina Groteluschen, our memories.
- to Mrs. Goering, a lifetime supply of chocolate and a new aide for next year.
- to the art class, the ability to not have so many mood swings.
- to the senior class of '96, best of luck in the future; it was great knowing you all.
- to Brian Werner, the ability to finish a shop project.
- to Mr. Rumsey, a chair.
- to Mr. "Pookie Bear" Brandl, your own house.
